

SENATE FIGHT SHIFTS AWAY FROM LEAGUE

Battle Breaks With New Fury About the Shantung Question

WASHINGTON, July 15.—The stormy senate fight over the peace treaty shifted away from the league of nations covenant today and broke with a new fury about the provision giving Shantung peninsula to Japan.

In five hours of debate the treaty opponents charged in bitter terms that the Tokyo government had wheedled Shantung from China at the peace table without the shadow of a cause and supporters of the treaty defended the course of President Wilson in the negotiations by declaring the only alternative was failure of the whole peace conference.

Price For League Acceptance.

Chairman Lodge of the foreign relations committee declared Shantung was a price paid for Japan's acceptance of the league of nations. Senator Norris, Republican, Nebraska charged that Japan in 1917 secretly had inveigled the European allies into a promise to support her Shantung claims. Senator Borah, Republican, Idaho, asserted that if the United States must either underwrite the Shantung agreement or accept the challenge of another power, the country would choose the latter course.

Senator Hitchcock, Nebraska, ranking Democrat of the committee replied that the German rights in Shantung were obtained legally by treaty in 1898 and were won fairly from Germany by Japan long before the United States entered the war. Senator Williams, Democrat, Mississippi said the president had to accept the Shantung settlement or come home without a general treaty of peace and that Japan never would give up the peninsula unless forced to do so by war.

Adopted League Resolution.

In the end the senate adopted without a record vote a resolution by Senator Lodge asking the president for any available information about a secret treaty alleged to have been negotiated between Japan and Germany in 1918 embodying a plan for Russian rehabilitation and promising Japan's indirect protection of German interests at the Versailles negotiations. A sweeping request for information about the conversations at Versailles also was sent to the white house by the foreign relations committee which adopted a resolution by Senator Johnson, Republican, California, calling for all proposed drafts for a league covenant, for reports of the arguments relative to the league and for "all data bearing upon or used in connection with the treaty of peace."

At its meeting the committee began the reading of the treaty, covering in less than two hours about one-fifth of its sections but passing over for future consideration the league covenant, the boundaries of Germany and many minor provisions. The reading will continue at a long session tomorrow the senate having adjourned tonight, until Thursday so the committee would not be interrupted in its work.

There was no discussion of President Wilson's offer to consult with the committee on doubtful points of the treaty, nor was any attempt made to have the committee open its doors to the public.

There was a growing conviction, however, that should the president see the committee it will be at the white house and not at the committee room.

Couples Charge With Warning.

Senator Lodge's charge that Japan's support of the league had been purchased by the Shantung agreement was coupled with a warning that Japan was following in the foot steps of Germany as an empire builder.

Asserting that the senators opposing the Shantung settlement never had raised their voices against Germany's acquisition of the Shantung rights in 1898, Senator Hitchcock declared the only objection to Japan's title to those rights had been removed in the treaty of 1915 by which China expressly cancelled a stipulation that Shantung never should pass to a third power except by consent of the Peking government. With this treaty and with Japan's seizure of the territory from Germany, Mr. Hitchcock said, China's claim to it terminated.

When it was objected that the 1915 treaty was imposed upon China by force, Senator Williams another member of the foreign relations committee replied:

"So was our treaty with Mexico imposed by force. So is this present treaty. So you want to repudiate a treaty because it was the result of force?"

Senator Norris put into the record what he said were copies of diplomatic correspondence in which Great Britain and France promised in 1917 to uphold the Japanese claim to Shantung. An-

Term Conditions Of Electric Roads Serious

WASHINGTON, July 15.—Representatives of the American Electric Railway association told the federal electric railways commission today that traction systems of this country were in serious condition and that many of the companies must go out of existence because of increasing costs without offsetting revenues, unless the situation was met in a spirit of fairness by the public.

It was the first hearing held by the commission appointed by President Wilson to investigate and make impartial recommendations to meet the situation. Entirely without power to enforce its findings the commission nevertheless is expected to clarify the public mind as to the causes for the present conditions and in that way assist in reaching a solution.

John H. Pardee, president of the American Electric Railway association, Guy E. Tripp, chairman of the committee of one hundred appointed by the association to present the facts to the commission; James W. Welsh, the association's statistician and W. J. Clark of New York, were the witnesses today.

Mr. Tripp declared that six billion dollars invested in street railways was in danger of "complete collapse and dissolution."

The same thought also was expressed by Mr. Pardee, who said it was no longer a question of what return should be allowed the railway companies, but what service, "if any" should be afforded the public.

"The electric railway industry," Mr. Tripp said, "is faced with three possibilities and the issue will come immediately. First, there is municipal ownership; second, private ownership and operation resting on a sound fundamental basis of regulation and control; and third, absolute disappearance of the service."

At disappearance of street car service was "unthinkable," Mr. Tripp defined the real issue as whether there shall be municipal or private ownership adding that he believed a majority of the people of the country opposed the former. Present methods of control and regulation Mr. Tripp said are "entirely too inflexible to respond to the stress of changing conditions and have not permitted the adjustment of the price of the product to meet the cost of the product."

MILLION SHEEP DROWN IN ARGENTINA

BUENOS AIRES, Monday, July 14.—Government reports show that one million sheep and 100,000 cattle have been drowned in floods in the southern part of Buenos Aires province. The railway and telegraphic communications have been interrupted and several sections in that region have been completely isolated.

The floods were due to a month of the heaviest rainfall ever recorded here.

Over on the Chilean side of Argentina there have been further heavy snowfalls along the trans-Andine railway causing new damage to the tracks has accumulated to a depth of 150 feet.

The snow fall in this region has been nearly continuous for a month and in some places is more than 25 feet deep.

NO ADVANCING PREMIUM ON WHEAT

NEW YORK, July 15.—The United States grain corporation announced tonight that there would be no advancing premium over the guaranteed price of wheat imposed by Julius Barnes, United States wheat director before October 15, since the movement from the farms does not warrant the increase in the grain corporation has been able to make only small purchases. On that date Mr. Barnes will make another review of the situation and make an announcement concerning the placing of a premium.

TO RESUME MAIL SERVICE WITH GERMANY

WASHINGTON, July 15.—Resumption of mail service between the United States and Germany effective immediately was provided in an order signed late today by Postmaster General Burleson. Mail matter addressed to any portion of Germany now will be accepted under the same regulations and at the same rates as apply to mail to other European countries. As direct steamship service between this country and Germany has not been established mail will be sent by way of Holland, Norway and Denmark.

ISSUES REQUISITIONS

Springfield, Ill., July 15.—Governor Lowden today directed the issuance of requisitions calling for the return to Illinois from Washington of Gus Johnson and Lawrence Vaughn. Johnson was convicted of the charge of larceny in Illinois and sentenced to Pontiac, from which place he escaped on July 25, 1918. Vaughn was convicted of the same charge in Peoria and escaped from the reformatory at the same time that Johnson fled from prison.

PROBE ALLEGED CRUELITIES TO ARMY PRISONERS

Former Soldiers State Officers Committed Merciless Assaults

WASHINGTON, July 15.—Six former American soldiers testified today before a special house committee investigating alleged cruelties to military prisoners in France, declared that merciless assaults were committed without provocation on the prisoners by arrogant officers in charge of the prisons and camps.

Only one of the witnesses, all of whom were charged with being absent without leave, was convicted, the others having been acquitted of the charge dismissed.

Lieutenant "Hard Boiled" Smith, one of the prison camp officers, was mentioned frequently while others named were Lieutenants Mason and Sullivan, and Sergeants Ball, Wolfmeyer and Bush. When Lieutenant "Hard Boiled" Smith was tried at Tours early this year, a hundred witnesses appeared against him and he was convicted, testified Sidney Kemp of New York City.

Several of the soldiers testified that in addition to being beaten, food in small amounts and of poor quality was supplied and that the bedding was poor, sometimes the mattress being in mud under a small tent.

A prisoner was smiling an officer says, "Take that smile off or I will." A. H. Mendelbourg, Baltimore, who served with base hospital 42, testified, "The officer did it by rolling the man in the mud."

"Did you get that officer's name?" asked Representative Flood, Democrat, Virginia.

"I'm only too sorry I did not take his name," answered Mendelbourg.

When telling of poor food, Mendelbourg said that "if you asked for an extra piece of bread you were flat on your back."

Meals consisted of stews made from canned beef, one slice of bread and part of a cup of coffee. Sometimes only the stew was served, witnesses said.

TO START RATE READJUSTMENT

WASHINGTON, July 15.—Readjustment of export freight rates to south Atlantic and gulf ports will be started soon by the railroad administration to permit shipments thru those gateways on equal terms with New York and the east. This assurance was given today by Director of Traffic Chambers and Director of Public Service Thelen to representatives of the south and midwest who appeared to protest against the reported intention of the administration to cancel existing exports which divert thousands of tons of freight to the already crowded North Atlantic seaboard. It was announced after the hearing that the railroad administration had only had no intention of cancelling existing rates but planned to extend them to cover all the territory.

TAKE MEASURES TO COMBAT LIVING COST

PARIS, July 15.—(Havas.)—Energetic measures to cope with the high cost of living were decided upon today by the cabinet. The number of government food stations in Paris will be doubled, additional popular restaurants will be opened and the disposition of the public thru co-operative associations. The government will fix prices for foodstuffs in the stocks of the war department, which will be given to the co-operative stations to sell.

The cabinet also approved a measure providing for the appointment of an under-secretary for food with special powers to prosecute unlawful speculation in foodstuffs.

87 DROWN IN HURRICANE IN CHILE

VALPARAISO, Chile, July 15.—Eighty-seven persons are known to have been drowned and the loss of life may have been much greater in this port Saturday. Fourteen vessels of various sizes were sunk and about a hundred lighters and other small craft were destroyed. The property loss is estimated at \$70,000,000.

The German steamer Sals, which was washed ashore and pounded to pieces, lost ten of its crew.

SEVEN OTHER VESSELS, INCLUDING The Steamer Taxis, of 6,000 tons, were reported lost in dispatches received Saturday and yesterday.

GIVE PREMIER NITTI VOTE OF CONFIDENCE

Rome, Monday, July 14.—(By The Associated Press.)—The government of Premier Nitti which took office several weeks ago, tonight received a vote of confidence in the chamber of deputies. The vote passed by 275 to 111.

FORBID SUNDAY AUTOING

Berne, July 15.—Some of the Swiss cantons including Zurich and Thurgau, have forbidden automobile driving on Sunday.

Will Combat Right to Keep Liquor in Home

Former Soldiers State Officers Committed Merciless Assaults

WASHINGTON, July 15.—A man's right to keep liquor in his own home, which stood the test before the house judiciary committee must take its chances now in the house.

Notice was served today on the committee by one of its members that when the house resumes consideration of the prohibition enforcement measure, an amendment would be preferred to make it unlawful for a person to retain possession of liquor stored prior to July 1. The committee in framing the general enforcement measure eliminated the section which would have made home storage illegal, but the big majority poled yesterday by prohibitionists was accepted in some quarters to mean that the bill in certain respects will be made still more drastic.

The prohibition measure was taken today the sundry civil appropriation bill, vetoed by the president, having the right of way, and neither can it be called tomorrow, which is calendar Wednesday except by unanimous consent. After that the agricultural appropriation bill also vetoed by the president will have privileged status, and prohibition leaders do not expect to resume work on the measure before Thursday or Friday.

The only reference to prohibition on the floor today was by Representative Blanton, Democrat of Texas, who wanted stricken from the speech by Representative Galian, Democrat of Massachusetts, charging that members of congress had hoarded large quantities of liquor. Speaker Gillett ruled, however, that Mr. Galian's remarks were in order.

CONFIRM ATROCITIES OF ATROCITIES

NEW YORK, July 15.—Declaring from March 10 to April 11, 1913, Koreans were killed and 850 wounded and that from latest reports "arrest and torture of suspected persons were continuing and a reign of terror prevailed."

The order which is largely an insurance policy, has had a large drain upon its resources because of the influenza epidemic but according to President Shepard there is no question but that the organization will be able to weather the storm without levying of extra assessments.

The work of the day was very largely given to adjustment of claims of disabled members. A system of pensions for old members is being worked out, it was announced.

Mr. Shepard also stated that the organization will work to keep the standard of wages of conductors up to the level of the average cost of living. No questions directly affecting labor conditions or national economic questions have been brought up at the convention so far, Mr. Shepard announced.

DISMISS PETITION OF S. ELGIN CITIZENS

SPRINGFIELD, Ill., July 15.—An order dismissing the petition of the citizens of South Elgin and the board of trustees of the village of South Elgin relative to village transfer privileges and service rendered by the Aurora, Elgin & Chicago railroad company on its interurban lines was issued today by the public utilities commission.

The commission also issued an order authorizing the Central Illinois Public Service Company to close down its heating system and gas rendering service on May 1, 1920 and resume service Sept. 1, 1920. This order affects a large number of cities and towns in central Illinois.

RE-OPEN REPEAL OF DAYLIGHT SAVING

WASHINGTON, July 15.—Repeal of the daylight saving law, believed settled by the central committee in sustaining the president's veto of repeal legislation was re-opened today at a conference between leaders of the senate and house agriculture committees.

Senate leaders insisted on the rider to the agricultural bill to repeal the daylight saving act. The rider was considered tomorrow by the full house agriculture committee.

SECOND DIVISION SOON TO RETURN

Washington, July 15.—The second division of regulars and "all attached units" have been assigned to early return home. This division includes the fifth and sixth regiments of marines, its release from duty from overseas leaves only the first and third divisions assigned to active duty in France.

DISCUSS FATE OF EX-KAISER

Paris, July 15.—The question of the future fate of the former German emperor was discussed today by the inter-allied commission on war responsibility. It was agreed on behalf of the commission that no demand concerning William Hohenzollern has yet been made to the Dutch government.

CAN ACCEPT CABLE MESSAGES FOR GERMANY

New York, July 15.—The Western Union Telegraph company announced today that business cable messages now can be accepted for Germany but must be written in English or French.

Will Combat Right to Keep Liquor in Home

Former Soldiers State Officers Committed Merciless Assaults

WASHINGTON, July 15.—One officer and six enlisted men were killed in the destruction of the American mine sweeper Richard H. Buckley by the explosion of a mine in the North Sea, July 12. Two other American officers were injured.

The dead are Commander Frank A. King, Floyd Harman, engineer, Roan, Ind., J. V. Malton, seaman, Brooklyn, N. Y., Antonio Persido, cook, Brooklyn, N. Y., Hoher Purdie, seaman, reserve force, Washington, Court-House, Ohio; George Paul Reese, fireman, reserve force, Waterman, Minn.; George M. Sowers, fireman, reserve force, Knobloch, Ky.

The officers injured were Lieutenants Frederick G. Keyes and Walter I. Sharon, but the dispatches to the navy department today said their injuries were not serious. Two officers and sixteen enlisted men were rescued.

The Buckley was engaged with other mine sweepers in removing the North Sea mine barrage when a mine became entangled in the sweeping cable. Before the cable could be played out again the mine exploded directly under the ship's stern. The trawler was shattered by the terrific impact and sank in six minutes before other vessels of the fleet could reach her.

Commander King remained on the bridge directing the efforts to save the crew and went down with his ship. The remainder of the dead either were killed by the explosion or trapped below decks when the vessel sank.

SHEPARD HEADS RAILWAY CONDUCTORS

CEDAR RAPIDS, Iowa, July 15.—L. E. Shepard was formally inducted into the presidency of the Order of Railway Conductors today during the second day of the semi-annual convention of the order. The books of the organization are being audited and the problems of re-construction are being considered.

The order which is largely an insurance policy, has had a large drain upon its resources because of the influenza epidemic but according to President Shepard there is no question but that the organization will be able to weather the storm without levying of extra assessments.

The work of the day was very largely given to adjustment of claims of disabled members. A system of pensions for old members is being worked out, it was announced.

Mr. Shepard also stated that the organization will work to keep the standard of wages of conductors up to the level of the average cost of living. No questions directly affecting labor conditions or national economic questions have been brought up at the convention so far, Mr. Shepard announced.

DISMISS PETITION OF S. ELGIN CITIZENS

SPRINGFIELD, Ill., July 15.—An order dismissing the petition of the citizens of South Elgin and the board of trustees of the village of South Elgin relative to village transfer privileges and service rendered by the Aurora, Elgin & Chicago railroad company on its interurban lines was issued today by the public utilities commission.

The commission also issued an order authorizing the Central Illinois Public Service Company to close down its heating system and gas rendering service on May 1, 1920 and resume service Sept. 1, 1920. This order affects a large number of cities and towns in central Illinois.

RE-OPEN REPEAL OF DAYLIGHT SAVING

WASHINGTON, July 15.—Repeal of the daylight saving law, believed settled by the central committee in sustaining the president's veto of repeal legislation was re-opened today at a conference between leaders of the senate and house agriculture committees.

Senate leaders insisted on the rider to the agricultural bill to repeal the daylight saving act. The rider was considered tomorrow by the full house agriculture committee.

SECOND DIVISION SOON TO RETURN

Washington, July 15.—The second division of regulars and "all attached units" have been assigned to early return home. This division includes the fifth and sixth regiments of marines, its release from duty from overseas leaves only the first and third divisions assigned to active duty in France.

DISCUSS FATE OF EX-KAISER

Paris, July 15.—The question of the future fate of the former German emperor was discussed today by the inter-allied commission on war responsibility. It was agreed on behalf of the commission that no demand concerning William Hohenzollern has yet been made to the Dutch government.

CAN ACCEPT CABLE MESSAGES FOR GERMANY

New York, July 15.—The Western Union Telegraph company announced today that business cable messages now can be accepted for Germany but must be written in English or French.

FORD FAVORS WAR IF LEAGUE PLAN FAILS

Change Comes Over His View of Inter- national Relations

MOUNT CLEMENS, July 15.—A change has come over Henry Ford's view of international relations since he appeared as a pacifist propagandist in 1915. Now, according to his testimony in his \$1,000,000 libel suit against the Chicago Daily Tribune he favors another great war without delay if the present plan for a league of nations fails.

The Henry Ford who, in 1916, was opposing the sending of the national guard to the Mexican border and urging the United States to take the lead in disarmament asserted today that he is now for "preparedness to the hilt" if it appears that this new war is necessary. He took the position as a witness that now is the time to establish universal peace and that if the great war which ceased in the field last November does not result in a league which will assure that peace, there can be no better time than the present to renew the strife.

Delavigne Wrote Propaganda.

According to Mr. Ford most of the pacifist propaganda distributed broadcast in his name was written by Theodore Delavigne, a publicity agent employed by him to educate the public, as he put it, to the waste and horror of war and to its needlessness. More often than not, Mr. Ford said, these arguments were sent out without his having read them at all. He repeatedly stated, however, that he assumed full responsibility for the propaganda and in his answers to question propounded by Attorney Elliott G. Stevenson, representing the Tribune, he re-affirmed all of the essential sentiments put in print by Mr. Delavigne. He interposed one important qualification regarding the use of the word "preparedness." What he meant, he said, was "over preparedness." In 1916, he said he considered that the United States was sufficiently prepared for defense and hence he opposed additions to the army and navy. Mr. Stevenson pointed out that in not one of the propaganda articles was the term "over preparedness" employed, but that instead Mr. Ford urged that the United States should assume leadership in complete disarmament in the belief that the rest of the world would follow this example.

Outstanding Features of the Day.

Production of the flag of humanity or world brotherhood flag constructed by Ford employees without authorization by Mr. Ford, but inspired, apparently, by one of his utterances. Mr. Ford's admission that he still considers wars of aggression as murder and professional soldiers, not even excepting General Grant and General Pershing, as murderers.

That his recitation that to him history was so much "bunk" and his admission that on many subjects he was ignorant also, he did not consider himself an "ignorant idealist" as charged by the Tribune in the alleged libelous editorial of June 23, 1916, headed "Ford is An Anarchist."

Statement that when a war is unavoidable conscription is the fairest method of obtaining an army.

"I have read quite a little history," said the witness.

"And you consider it bunk?" asked Mr. Stevenson.

"It is bunk to me."

While the testimony was proceeding the "flag of humanity" was kicked under a table. Counsel for the Tribune, inspired by Mr. Ford's statement that "flags were something to rally round," and that there should be a flag under which the world might live in peace, have been trying to get this flag ever since the trial started two months ago. Mr. Ford said that he had never seen it before.

Mr. Ford characterized a war of aggression as one where one country wanted to burglarize another.

"Perhaps the Kaiser wanted to do that," illustrated the witness, "an army might be used to burglarize Mexico, take their natural resources, I mean. Anything above a defensive army could be used only for that."

"Isn't it true that you opposed even the army that we had?" asked Mr. Stevenson.

"No it isn't."

Lawyer Quotes Excerpt.

The lawyer countered with this excerpt from Mr. Delavigne:

"Even as it stands today think of the enormous waste that comes with our small army and navy—140,000 of the country's best specimens of manhood who produce nothing, who are as much burden to the country as the insane and the poor would be under national supervision."

"Mr. Delavigne said that, but

(Continued on Page Four.)

Sundry Civil Bill Brings Partisan Fight

Change Comes Over His View of Inter- national Relations

WASHINGTON, July 15.—Consideration in the house today of the sundry civil appropriation bill as remodeled to meet the objections raised by the president in vetoing it, precipitated a partisan battle which finally prevented further progress on the measure and ended only when the Republicans forced thru a motion to adjourn. Leaders on both sides admitted it was the most bitterly contested parliamentary mix-up in years.

The discussion began when the rules committee brought in a specific rule for the immediate consideration of the appropriation measure changed to provide \$12,000,000 for the rehabilitation of wounded soldiers and sailors instead of \$6,000,000 as originally carried.

Democrats opposed the resolution declaring that if it were adopted and the sundry civil bill would be passed, it would enable the Republicans to evade placing themselves on record as being opposed to the president's veto and therefore opposed to an increase in the appropriation for the vocational training board. They contended that a president's veto according to the constitution would have to be rejected or accepted by a record vote.

Republicans argued, however, that such a course was backed by precedent and would expedite action on the measure. Speaker Gillett overruled a point of order raised by minority leader Champ Clark and the resolution adopted by a substantial majority.

Debate on the appropriation bill itself resulted from attempts of Democrats and Republicans to increase the vocational training appropriation. It was contended that the first duty of the country was to provide for its injured soldiers, regardless of the expense, and that \$12,000,000 was entirely inadequate. The amendments were opposed by Chairman Good of the appropriations committee who declared that over \$12,000,000 was more than the vocational training board had ever asked for.

PARIS CELEBRATION LASTS UNTIL LATE

PARIS, July 15.—Weary but still bent upon continuing its festivities until the last ounce of celebration energy had been spent Paris kept up its victory day celebration well into the early hours of this morning. Each of the traditional attractions of the 14th of July—the illuminations, the fireworks, the free performances in the national theatres, the street dancing—found its particular crowd.

The densest crowds were in the Champs Elysees, where the illuminations were particularly beautiful in their effect the notable feature of the lighting being the rays which lamps upon the Arc de Triomphe sent darting down the magnificent avenue.

GOVERNMENT WINS FIRST POINT IN SUIT

PITTSBURGH, July 15.—The government won its first point today in its fight against the sale of beer containing 2.75 per cent alcohol when Judge W. H. St. Thompson in U. S. district court over ruled demurrers of officers of the Pittsburgh and Independent brewing company to charges of a violation of the war-time prohibition law. Each of the defendants, 19 in all, was held in \$1,000 bail for the November term of court.

CONSIDER PLAN TO REPLACE STREET CARS

TOLEDO, O. July 15.—With the Toledo Railway and Light Company ordered to close the streets and the council are considering a proposal to replace street cars with motor buses. A company has offered to promote a \$2,000,000 corporation to further street transportation.

The "Rail-Light" was ordered off the streets when it raised the fare from five cents and one cent for a transfer to six cents and two cents for a transfer.

ROOSEVELT ACCEPTS.

Minneapolis, N. Y., July 15.—Without announcing the platform upon which he will go before the people of Nassau county, as a candidate for the state assembly, Lieutenant Colonel Theodore Roosevelt tonight accepted the Republican nomination in a brief speech to the Republican town committee of North Hempstead and Oyster Bay. In his speech Lieutenant Colonel Roosevelt pledged himself to "work for the district's best interests at all times."

NOT OPPOSED TO CREATION OF STATE

Bastle, July 15.—(Eggen Wireless Service.)—According to the Cologne Volks Zeitung, a copy of which has been received here, a rumor is in circulation in the Rhenish provinces that the central government of Germany is no longer opposed to the creation of an independent Rhenish state provided this state remains attached to the German empire.

PRESIDENT AND CABINET HOLD 2 HOUR SESSION

Acquaints Members With Details of Paris Peace Negotiations

WASHINGTON, July 15.—President Wilson and his cabinet met today for the first time in nearly seven months. The meeting lasted over two hours and at its conclusion it was understood that a vast number of domestic problems had been under discussion and that the president had acquainted the cabinet officers with intimate details of the peace negotiations in Paris.

All Present Except Lansing

All of the nine members were present with the exception of Secretary of State Lansing who is en route home from Paris. His place was taken by Under-Secretary Polk. There were indications that among the subjects discussed were demobilization, resumption of commercial relations with Germany, the Russian situation, Mexico, and governmental financial matters.

Before and after the meeting the president conferred with individual members of the cabinet. Attorney General Palmer arrived fifteen minutes before the meeting and discussed among other things appointments for federal judgeships in Missouri, Ohio and Georgia.

Postmaster General Burleson remained closeted with the president for an hour after the meeting had broken up. He went directly from the white house to his office and soon after it was announced that postal relations would be established with Germany at once. Responding to inquiries the postmaster general said as he left the white house that there was "absolutely no truth" in recent rumors that he was about to leave the cabinet.

Inaugurate New Policy.

Inauguration of a new policy in regard to congressional call was announced Saturday. Thursday said that heretofore the president would endeavor to leave open certain hours on as many days of the week as possible for the purpose of conferring freely with senators and representatives. Senators and representatives who desire to talk with the president on any subject merely will have to present themselves at the white house and they will be received. The new policy will go into effect tomorrow when the president will be at home to all senators and representatives who care to call between ten a. m. and noon.

May Begin Tour Earlier.

Member the ASSOCIATED PRESS.
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

Congressman at large Richard Yates will have some explaining to do when he returns to the "rural" districts of the state, because of his vote sustaining President Wilson's veto of the daylight saving clause of the agricultural bill.

The new tax bill increasing the assessment of real estate and regulating the levy of taxes devolves a vast amount of work upon assessors, in changing lists already made up.

Welfare work of the Y. M. C. A. and K. of C. with the American forces in France and Germany have been stopped, it is announced. Demobilization has progressed so far that the great need has ceased. These organizations have done wonderful work, but it is subject of congratulation that the great emergency need has passed.

Now that Gov. Lowden's boom for the Republican nomination as a candidate for president has been launched and has been so enthusiastically received. The name of Hon. Andrew Russell as a candidate for governor is being suggested by a number of the newspapers of the state as the Republican nominee for governor. He will make an ideal candidate and a sure winner.

Over in Springfield they have decided to employ an efficiency expert, familiar with garbage problems, to insure the work of collection and disposal of garbage in the most efficient and economical manner. Here in Jacksonville we have had a tax for the disposal of garbage for a number of years. A report as to its expenditure and the number of people served would be of interest.

Great Britain and France are now said to be urging President Wilson to fulfill an implied position he assumed when he prevented European countries from defending the interests of their own people in Mexico. It seems to be a reasonable demand. When the president induced other countries to leave the matter in the hands of this country he practically became responsible for the acts of the so-called Mexican government.

CARSON'S WARNING.
London newspapers criticize Sir Edward Carson very sharply because of his recent speech opposing home rule in Ireland and especially from his reference to the United States. The London Times says:
"When Sir Edward warns Am-

erica to mind her own business," he permits the retort that the wishes of 15,000,000 Irish-Americans are part of her business. Had it not been for British mismanagement in Ireland in the past today there might be fewer Irish-Americans animated with ill will against England."

The Daily Mail said:
"Carson's saber rattling is intended to rouse passion against quiet and just consideration of the Irish question. The government's path would be easier if it proclaimed its intention of dealing as firmly with bolshevik extremists as with labor agitators."

A DIFFERENCE.

During the past few years "drives" for money have been the proper thing. A "drive" for money for any old thing was looked on as perfectly legitimate, but now comes a new one, a "drive" for the salvation of souls. The joint missionary officials who at the Columbus, Ohio exposition, have announced a great evangelistic drive for the conversion of 1,000,000 people. The slogan of the campaign will be "1,000,000 for Christ and the Church by June, 1920." This campaign of evangelism is to occupy a pre-eminent place on the program of the church. To further this program of evangelism, the Centenary will make the fullest use of the unit system and the \$2,000,000 fund. The department of evangelism of the board of home missions will act as a clearing house for pastor evangelists. Arrangements are to be made for retreats and quiet hours for the ministers and evangelists in the interest of evangelism. Special attention will be given to child evangelism, using all legitimate methods and co-operating with the evangelism department of the board of Sunday schools, and the "Win-my-Chum" campaign of the Epworth League. Another feature will be a definite approach by ministers and laymen to convert the unchurched groups by way of forum and other assemblies. A determined effort is to be made for lay and pastoral preaching in the open air and in halls and public places to convert the masses to Christianity and the church.

THE PRICE OF SHOES.

Prediction has been made that the price of shoes would be increased \$3 to \$4 per pair by next spring. The principal reason for the advance given at the time was the soaring price of leather, although growing cost of production was also mentioned. Diligent efforts to get at all the facts have brought out some rather general explanations. One is that the cost of the war has ended the promiscuous slaughter of animals, with a corresponding reduction in the current supply of hides. It is stated by W. C. Field of the Hide and Leather Journal that Europe has been buying heavily and that since removal of the government maximum price of 40 cents a pound for calfskin in the rough competitive bidding has sent the price to \$5 cents. A prominent representative of the Tanners' National Council says that European buyers have been in this country buying up live stock to replace cattle slaughtered during the war and that this has had the effect of reducing the number of hides, here and abroad, as they are bought not to kill but to restock countries in Continental Europe.

A Chicago wholesaler, says cost of handling is a large element in the increased prices. He told a Tribune reporter that he was wearing a pair of shoes which cost \$6.75 at the factory, but which, after the jobber's expenses and profit and the retailer's expenses and profit, would retail for \$12. He did not discuss causes likely to force greater increases.

THE VETO AND THE FARMER.

J. A. Madden, Sangamon county farm adviser, gets all worked up over the action of the president in vetoing the bill carrying repeal of the daylight saving. He says:

American farmers were treated

to a painful surprise when the news was flashed to them that President Wilson had vetoed the agricultural bill which provided for the repeal of the daylight saving law. When congress by a large majority voted to end the daylight saving farce on Oct. 26, 1919, farmers gritted their teeth and decided to tolerate the existing conditions until the end of the summer, when it would pass on and be forgotten as other freak legislation is, but President Wilson did not allow the farmer time to write him approving of his address on the league of nations, but handed him a solar plexus blow in the form of a veto of a bill which every farmer has near to his heart.

About the only explanation there is to offer to this disastrous ending of a supposedly successful campaign on the part of the farmers and laboring men is the fact that they were caught napping. They continued congress to repeal the law by an overwhelming majority and then rested on their oars while professional men, short-hour business men, athletic associations, etc., got the ear of President Wilson and persuaded him to exercise the right of veto. Now the whole job must be done over, but the farmers will do it if they have to make a national campaign issue of the repeal, for they feel that they will not tolerate a law which is utterly detested by a majority of the citizenry. The United States and supported by a small class whose morning slumbers are not interfered with, but whose hours of recreation are lengthened.

Rippling Rhymes By Walt Mason

Persistence.

Still the flies around me linger,
on my dome they leave their tracks,
though I swat some with my whinger,
butcher others with my axe.
Not an instant do I falter
in the swatting I pursue,
but I say, "So help me, Walter,
I will slay a ton or two. Though
surviving flies distress me, drilling
deeply in my brow, unborn
people yet may bless me for the
good I'm doing now. If we all
keep on kerswatting, there will
come a time, methinks, when no
cheap flies will be trotting on the
maps of human ginks." Oft the
goal is in the distance, too far off
for us to gain; notwithstanding
which, persistence is the course
that's safe and sane. There is
nothing like endeavor; be as busy
as the ant, though we are assured
we'll never eat the fruit of trees
we plant. Shall we cease our
earnest toiling just because the
pay's in doubt? Such a plan I
charge with spoiling many a good
thought weary scout. It is vain
to sit down weeping, avin to sing
despairing tunes; though some
others do the reaping, let us keep
on sowing prunes.

TO OLD MISSION

FOR SUMMER MONTHS
Dr. and Mrs. C. H. Rammelkamp and children, Miss Kathleen Emery of Hillsboro, Miss Bonnie Woods and Miss Carol Lander left yesterday for Old Mission, Michigan, to spend the remainder of the summer. Miss Lander will be the guest of Mrs. E. P. Cleary while Miss Emery and Miss Woods will be guests of Dr. and Mrs. Rammelkamp. Dr. Rammelkamp expects to return in about a month but other members of the party will remain until September 1st.

Ice cream social, Thursday evening, July 17, Lutheran church.

REV. F. B. MADDEN RETURNS

Rev. F. B. Madden, pastor of Grace M. E. church, returned to the city Tuesday morning after an absence of several days. Rev. Madden went to Bowen to deliver the opening address at the Quincy district Epworth league convention, and was also a visitor in Mt. Sterling for a brief period.

Social Events

Gave Dinner in Honor of Son.

Mr. and Mrs. Alfred Mann, living south of the city, entertained at dinner Sunday in honor of their son, Dean Mann. Mrs. Mann's brother, Thomas Dean, and Guy Smith, who have just returned from overseas. Those present were Ots Hamilton and family, Miss Emma Hamilton of Winchester, William Dean and family, Arthur Dean and family of Manchester, Dorothy and Rowena Hamilton and Thomas Dean of Roadhouse, Mr. and Mrs. W. A. Still, Guy Smith, Jane Wright, and Helen Rousey.

Mothers and Friends Gave Supper at Park.

The Mothers and Friends Association gave a picnic supper at Nichols park Tuesday evening. The members had their husbands as their guests and each one took a well filled basket. At 6:30 o'clock a picnic supper was enjoyed followed by ice cream and cake which was also furnished by the association. About 45 were present and the occasion proved one of much pleasure.

Held Regular Meeting.

The Homemakers Circle of Franklin met Tuesday afternoon with Mrs. I. L. Sears with a large attendance. Roll call was responded to with "First Day's Experience at School," vocal solos, "Serenade," Niedlinger and "Summer Winds," Brschoff, were then given by Miss Helen Massie. Reading, Mrs. S. E. Smith. Paper "Mother's Duty to the District School," Mrs. S. J. Camm. Current events. No definite date has been set for the annual picnic as the season is a busy one for the farmers. It is expected to take this matter up at an early meeting. A social hour followed the business meeting and program and refreshments were served.

Mrs. Maddox Hostess to Strawn's Crossing Club.

Mrs. T. D. Maddox was hostess to the Strawn's Crossing Club at her home Tuesday afternoon. There was a large attendance of members and several guests. A paper on "Luther Burbank" written by Mrs. Alvin McDonald was read by Mrs. Boston and Mrs. Foster. The topic of "Harvest Dinners" was discussed by the club. The members responded to roll call by telling of some of the uses of straw. Following the program the hostess served refreshments. The next meeting will be held with Mrs. Robin Starawn July 29.

Waddell Clerks Enjoy Picnic at Nichols Park.

The young women employees on the lower floor of the F. J. Waddell & Co. store, together with a few invited friends, enjoyed a picnic Tuesday evening at Nichols park. The merry-makers left the square on the 6:15 car and upon reaching the park a most appetizing picnic supper was served. The menu included all sorts of eatables and this feature of the evening was especially enjoyed by all. Afterward an hour or more was spent at the park, a number of the young women enjoying the privileges of the bathing bench. Those in the party were Mrs. Charles Ausemus and daughter, Miss Dora; Mrs. Pearl Johnson and daughter, Miss Grace; Mrs. E. E. Blackford, Misses Bernice Dodsworth, Edith Moore, Maurine Lindeman, Leola Spencer, Mary Young, Katherine De Haven, Lillian White, Ruth Henderson, Sadie Murphy and Laura Brune.

BENEFIT ASSOCIATION HELD MEETING

The Woman's Benefit Association held the regular meeting in their hall on East State street yesterday afternoon with a large attendance. After the meeting all proceeded to an ice cream parlor where refreshments were enjoyed.

STRYKER FUNERAL THURSDAY MORNING

Funeral services for Mrs. Henry Stryker will be held from the residence, 919 West College avenue Thursday morning at 10:30 o'clock in charge of the Rev. J. F. Langton, rector of Trinity church. Burial will be in Diamond Grove cemetery.

WOODSON PEOPLE IN AUTO ACCIDENT

Rev. and Mrs. Powell Meet With Accident While Driving Near Hoagland Farm—Son is Slightly Injured—Woodson News Notes.

Woodson, July 15.—Rev. and Mrs. Powell and son were victims of an auto accident on Thursday last week while motor-ing to the Hoagland home near here. The car became unmanageable and turned over on the side injuring the little boy somewhat. The other occupants were badly shaken up and suffered from the nervous shock. Altogether it was a very narrow escape from what might have proved very serious.

Mr. and Mrs. Edwin Cade and daughter Miss Mae were Sunday guests of relatives in Murrayville. A basket dinner was enjoyed by about sixty relatives and friends at the home of Mr. and Mrs. J. T. Osborne near Murrayville Sunday, in honor of their sons, Benjamin and William who have returned home recently from the service. The former was in the 22nd engineer corps and was in France several months. The latter was in the infantry in the 132d division in France; also in the army of occupation, in Germany. Other returned soldiers, present were T. Edward Wild, Ira Million and Francis Brickey. The guests brought well filled baskets and at noon a sumptuous dinner spread on long tables on the lawn was enjoyed by all present. The guests were: Mr. and Mrs. John N. Osborne and son Robert, Mr. and Mrs. Ira Story, Mr. and Mrs. Edward Gallagher of Woodson, Mr. and Mrs. William Walker and son Clifford, Mr. and Mrs. H. W. Osborne and daughter Miss Gladys, Mr. and Mrs. Emory Thady, Mr. and Mrs. Earl Elliott and family, Mr. and Mrs. Frank McCurley and son James, Mr. and Mrs. Geo. Ratcliff and family, William Clegg, Clarence Ratcliff of Pike county, Mrs. Martha Rousey, Mrs. Mary Blakeman and daughter Miss Mae, Mrs. Ella Sherry and daughter, Miss Mae, Mrs. Harry Smith and family, Miss Lena Jaiard of Nashville, Tenn., Miss Grace Ober, Misses Minnie and Anna Clayton, Mr. and Mrs. H. S. Osborne and sons of Jacksonville, Miss Bessie Story, T. Edward Wild, Mr. and Mrs. John Thady and family Arthur Blake.

A most pleasing feature was the presence of the aged grandmother Mrs. D. C. Osborne who is 82 years old and able to enjoy a visit with her friends. Miss Lena Megginson of Chapman is here to spend a couple of weeks with her mother, Mrs. Nettie Megginson. Mrs. Henry Schumacker spent Sunday with her daughter Mrs. John Adams. She left Sunday night for her home in Lamar, Mo., after spending several weeks near here with relatives. Mrs. Wilbur Kitner and family of Lamar, Mo., are here for a visit with her parents, Mr. and Mrs. John R. Henry. Mr. and Mrs. H. N. Goacher and daughter, returned to their home in White Hall Sunday, having spent a week here with relatives. Mrs. Elizabeth Jackson and granddaughter Miss Dorothy Jackson of Jacksonville were guests of relatives here Thursday and Friday.

Ice cream social, Thursday evening, July 17, Lutheran church.

For Every Business and Profession

Time- and Money-saving Card Record Systems—for Your work

THE brilliant success of many a business is due, not so much to the ingenuity of the owners, as to the establishment of an aim and sticking to it. Many a successful building policy has been neglected and finally abandoned simply for the lack of time and system. Here is where records are important—especially card records.

"Y and E" card records mean, for instance, an accurate and easily kept ledger; the best method of keeping in touch with customers; a perpetual inventory of stock on hand; in fact for every business and professional man an up-to-date and instantly findable record of facts he should know about his work; an aid in doing the things that success demands—promptly.

Without charge, we will gladly suggest the newest card systems—if necessary, design special forms—to fit your work.

Call or phone today.

CLINIC TRUCK WILL BE FOLLOWED BY SPEAKERS
Arrangements have been made by the officers of the Community Council to have speakers follow the clinic truck in the various towns of the county. The purpose of this is to make residents acquainted with the object of the Community Council.

Monday evening Dr. H. C. Woltman spoke at Murrayville. Rev. W. H. Marbach will speak at Waverly Thursday evening and Hugh Green at Franklin Friday evening.

GO TO NOKOMIS
Mrs. David Sisk who has been visiting her sister, Mrs. Curtis Templin, on Hardin avenue, has gone to Nokomis accompanied by Mrs. Templin, to visit their mother, Mrs. Mary Maroney. Captain D. E. Sisk, V. C., who has been visiting in the city, left yesterday for Camp Grant where he will receive his discharge. Upon his return to the city he and Mrs. Sisk will leave for their home in Bloomington.

MURPHY'S ENTRY TAKES FEATURE
Kalamazoo, Mich., July 15.—The opening day of Kalamazoo's twelfth annual Grand Circuit meeting was featured by the victory of Direct C. Burnett, Murphy's entry in the 2:13 pace. He won in straight heats and the time 2:03 1/2, 2:03 1/2 and 2:05 1/2 was fast. Goldie Todd was a heavily played favorite, but appeared out of form.

Murphy made it two victories for the day by capturing the 2:15 pace with Senardo.

From County Agents Office

Seed Wheat — The County Agent visited elevators and farms in Woodson, Murrayville and Nortonville Monday. Threshing is now in full swing. The elevators seem to be handling the crop nicely. However, the grades are not as good as last year. Some wheat has graded as low as No. 4. This indicates that good seed wheat may be very scarce this fall. Wherever a farmer has an opportunity to get hold of some first class Turkey Red Wheat he will not make any mistake in doing so. If any farmers in our county having good seed wheat care to hold any quantity of it on their farms the County Agent will assist them in finding buyers.

Grass-Hoppers — The indications at the present are that the grasshoppers are going to be with us in full force. The poison mash recommended for the army worm is also recommended for the grasshopper. However, this should be scattered in the morning. In the case of grasshopper, and not in the evening as in the case of the army worm.

Clover Seed — J. L. Wyatt of Murrayville accompanied the County Agent on his trip across the Whitlock prairie to Nortonville. There are some very fine fields of Clover in that region. Last year a great deal of very fine clover seed was produced in that locality. We can hardly expect anything as good this season as acreage in clover will not compare with that of last season. G. C. Whitlock was cutting and baling clover on his farm and the crop on that field was the heaviest that the County Agent has seen in Morgan County this season. There is some seed in the first crop and Mr. Whitlock is very much in doubt as to whether his second crop will be a successful seed crop.

Corn and Soy Beans — Morgan County has a large acreage of corn and soy beans. The seed secured seems to have germinated well and at the present time there is every indication that our farmers will have a large amount of home grown seed for hogging down this fall.

NOTICE OF EXAMINATION
Examination for teachers' certificate will be held in the office of the county superintendent, Thursday and Friday, July 17th and 18th, 1919. For further information call on or write, H. H. Vasconcellos, County Superintendent of Schools.

WOMEN IN BUSINESS
Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the

FORD FAVORS WAR IF LEAGUE PLAN FAILS

(Continued on Page Four.)

I am responsible," explained Mr. Ford. "It was an attempt to educate the public to the waste involved in all armies."

"But you were not talking of all armies, you were talking of our army."

"I always mean all armies; our's was just an illustration."

Mr. Stevenson asked why Mr. Ford had not headed his famous advertisement:

"Concerning over-preparedness if that was what he meant."

"I cannot tell," said the witness, "that was always what I meant when I spoke of preparedness."

Mr. Stevenson then took up the subject of the national guard.

"Isn't it true, Mr. Ford, that you oppose any of your employees joining the national guard?"

"No."

"These articles, published in this booklet show that you boasted that your campaign of education among your employees was to efficient that out of 20,000 employees only ten were members of the guard," said the lawyer.

"This article says that it was suggested to you that you dismiss these ten men as an example and that you declined."

Mr. Stevenson then read from the article quoting Mr. Ford as saying:

"No intimidation can convince a man. These men are free and if we attempt to change a free man's ideas it must be by education. The other thousands of men in the plant can do their part in this education and I will let them do it."

"It is in the book, I'll have to stand by it," said the manufacturer. "I wish that education could expand to take in the world."

Commended Wilson.

The Delavigne article, written in Mr. Ford's name, commended President Wilson for opposing an army of 300,000 in 1916, and later when the president became convinced that preparedness was necessary accused him of inconsistency.

"What inconsistency?" asked the attorney.

"Perhaps he changed his mind in a very short time."

"You have changed your mind, too, haven't you?"

"Yes."

"Don't you think the president has a right to change his mind as conditions change?"

"Yes."

Mr. Stevenson suggested that in the Ford view when President Wilson became an apostle of preparedness he became an apostle of murder.

"Mr. Delavigne used that word."

"You approved it and you understood that it meant an advocate of murder, a teacher or missionary advocating murder?"

"Yes, sir."

"Was it Mr. Delavigne's job to misrepresent your views, or to represent them?" Mr. Stevenson asked.

"To express my views as nearly as he could."

"You advertised to the world that they were your views. The world knew nothing of Delavigne, so far as they knew it was Henry Ford speaking?"

"Yes, sir."

"And Henry Ford was saying that the president was a vacillator, that he was keeping the truth from the people and that he had no military reason for changing his mind?"

"While I think that criticism was not what I would have said personally, still it is a good thing for a president to be criticised," the witness replied.

One article suggested that while the president was urging for preparedness it was to be remembered that it was a presidential election year.

"It's time for the voter to remind his congressman and any other candidate who may seek his favor that the people will not spend their money to arm against invading ghosts conjured up by the president," quoted Mr. Stevenson.

"Well the president may have wanted to be re-elected and thought that the end justified the means."

Mr. Ford will resume his testimony tomorrow.

Chicago, July 15.—The Illinois Billiard Association was launched here last night. The aim of the organization is to obtain 100,000 members.

SENATE FIGHT SHIFTS AWA YFROM LEAGUE

(Continued from Page One.)

nouncing for the first time that he could not vote for the treaty, he characterized the Shantung agreement as an "outrageous perversion of justice" and an attempt to purchase peace at the sacrifice of honor."

Senator Underwood, Democrat, Alabama, also making his first announcement in the senate regarding the treaty, said he would support it wholeheartedly as a step toward world peace. Senator Fall, Republican, New Mexico, declared that by the Shantung provision control of the gateways to China as well as of the Chinese capital virtually would be in the hands of Japan. Notice that he would speak against the Shantung agreement Thursday was given by Senator Sherman, Republican, Illinois.

The debate closed with an exchange between Senators Williams and Fall.

Says U. S. Helping Japan.

"Japan is building up a vast power in China," continued Senator Lodge, "and we in this treaty are helping her do it."

The debate on Shantung was precipitated by Senator Lodge calling up his resolution asking the president for information as to an alleged treaty secretly negotiated between Japan and Germany in 1918.

Senator Hitchcock, Nebraska, senior Democrat of the committee, said he desired to protest against resolutions of this class based on such slender information and having the effect of indicating to a friendly country that the United States senate gives credence to newspaper reports of this character.

"It is unworthy of the senate," he declared.

Senator Lodge replied that it seemed to him "that when we are making a treaty that includes the gift to Japan of thirty six millions of Chinese, we ought to know whether there is any truth in the assertions."

"It has been asserted that a copy of the treaty is in the hands of the state department and has been for some time. I think it perfectly reasonable that we inquire about it."

Senator Hitchcock said it was well known that German rights in Shantung were obtained in the treaty of 1918, recognized by all the world.

Senator Lodge replied that the 1898 treaty had been "extorted" from China by a German fleet, while Senator Norris asserted that by this agreement it was stipulated the German rights in Shantung could not be transferred to any other nation without China's consent. "China gave that consent," said Senator Hitchcock, "by the treaty of 1915."

"And that treaty was forced from her and everybody knows it," returned Senator Norris.

Laugh at Statement.

When Senator Hitchcock declared that whatever China lost by the Versailles treaty she gained "something more valuable than all else, protection under article ten," there was a burst of laughter on the Republican side of the chamber. "Senators laugh," shouted Senator Hitchcock, "but they know that in the past China always has been despoiled and that under article ten she will be protected. The same senators who now shed crocodile tears over the fate of China have never in all the past raised their voices against her spoliation."

Mr. Lodge said that England "stood by" and let Germany take Schleswig-Holstein, Helgoland and other territory near her door.

"She's paid the bill of those awful mistakes," he added. "She's done it nobly but at great cost."

"There's another great power being built up on the other side of the Pacific. We are asked to put our approval at the bottom of that robbing of China—handing over control practically of that great province to Japan. I do not want to see my country's name at the bottom of such a thing."

AMERICAN SOLDIERS 'GROGGY AS AN ARM'

(Continued from Page One.)

WASHINGTON, July 15.—American soldiers in France were "of superb spirit, but a bit groggy as an arm," when the armistice was signed, a house war investigating committee was told today by Col. Fred L. Huidekoper, formerly adjutant of the Thirty-third (Illinois) division.

Col. Huidekoper said he was asked by a statement made to him last January 6 by Col. Cowan of general headquarters that the transportation situation on the battle front was so bad that the American army could not have kept on a month longer and that the Germans had not stopped, if the Americans would have been forced to Col. Cowan had been out to inspect the Thirty-third division.

"I naturally assumed that he had ample justification for such a statement," said the witness.

"French officers," Col. Huidekoper added, "were of the opinion that American troops were not given the shelter and care that should have been given them."

Replying to Chairman Johnson of South Dakota, the witness declared he would not say that "the high command paid no attention to sheltering the common soldiers."

ISSUES STATEMENT ON NATION'S LEAGUE

(Continued from Page One.)

NEW YORK, July 15.—Will H. Hays, chairman of the national committee issued the following statement on the league of nations covenant here tonight:

"The situation respecting the league covenant is simply this. There was to be excessive reservations. These reservations must safeguard the sovereignty of the United States in every particular must guarantee the Monroe Doctrine beyond the shadow of a doubt; must either eliminate article ten entirely or so modify it that our own congress shall be morally as well as legally free after a specified period to decide when and where and to what extent our soldiers shall be employed; must retain our full control of immigration, tariff and all other purely domestic policies and must provide full rights to withdraw from the league at any time without hindrance or condition of any kind upon giving suitable notice. It is up to administration to decide whether it will or will not accept these essential guarantees of American independence, which would unquestionably be promptly accepted by the other nations."

HARVESTER COMPANY EMPLOYEES STRIKE

(Continued from Page One.)

CHICAGO, July 15.—About 4,000 employees of the McCormick Works of the International Harvester Company struck today. No demands were made on the company according to a statement issued tonight. About 2,000 employees of the plant remained at work and other plants of the corporation were not affected.

"The average hourly wages at this plant have increased 114 percent since June, 1914," the statement said. "In the absence of information to the contrary the company is inclined to attribute today's action to the prevalent spirit of industrial unrest rather than to any specific cause."

The McCormick Works is the only plant of the company where the harvester industrial council plan of equal employee representation failed of adoption when presented in March last. This plan gives the employees an equal voice and voting power with the management in shaping the company's policy as to management, hours of labor, working conditions and all matters of mutual interest. Any decision may be made retroactive so that employees lose nothing by remaining at work while questions are being fully considered and adjusted.

"At all the harvester plants where this plan is in operation all negotiations with the employees are being and will be conducted thru the works councils."

No disorder attended the strike.

NOTICE To Bike Riders

Dear Bill:

The city "dads" have handed out the figures and, according to same, we're in the hole for a bunch of money, which leads up to a question—what is money?

A dollar bill is paper, hard money is metal, a check signed by most anybody but me would be accepted as money, the bankers make money out of money by juggling it; some folks earn money by the sweat of their brow which is an out of date method; some folks say it is your best friend; the good book says it is the root of all evil; at school they teach the kids that it is a medium of exchange, and, say bill, the medium that exchanges mine must be a spirit medium the way it disappears. But, when you get down to brass tacks, here is the best definition I ever heard:

"Money is an article which may be used as a universal passport to every where, except heaven, and as a universal provider of everything except happiness."

Yours truly, JACK.

P. S. Don't forget to tell your friends that I sell all kinds of accessories and supplies, for all kinds of automobiles; also Fords.

ITALY TAKES STEPS TO PRESERVE ORDER

ROME, Monday, July 14.—By The A. P.—The Italian government, Premier Nitti announced in the chamber of deputies today has taken ample measures to preserve order in view of threats of a general strike throughout the country. Troops he said have been distributed everywhere in cities and villages and in the country and they were provided with supplies for more than forty eight hours in case they should be cut off from the bases.

There is no reason for a general strike in Italy, the premier continued. The government does not wish bloodshed and will do its utmost to prevent it. "Telegraph and wireless communication with every part of the kingdom is assured however in case of trouble."

Italy is one country where a general strike should not occur, Signor Nitti asserted, bolshevism was an Asiatic evil which could not be spread to Italy. The government, he said, does not want to intervene in bolshevik Russia for the same reason that it did not intervene when Russia was under czarism, which had produced as many crimes, injustices and massacres as the present regime.

PLAN TO ORGANIZE FILLED WORKERS

CHICAGO, July 15.—Republican women district chairmen from the eighteen congressional districts of Illinois laid plans for an organization of 45,000 field workers to work for the success of their party in 1920 presidential election at a meeting here today. Merging of the women's activities with those of the men was the principal thought of the women.

Mrs. Medill McCormick, national leader of Republican women and wife of the senator from Illinois, was the principal speaker. She declared the women must work with the men and that "there is no such thing as non-partisan politics."

Mrs. Fletcher Dobyns of Chicago and Mrs. Douglas Harvey of Dixon were other speakers. The session was executive.

FAVOR STOCKINGLESS BATHING SUITS

Chicago, July 15.—Bathing beach enthusiasts who have been harassed of late by police women and welfare workers who criticized abbreviated costumes and the inclination to invite sunburn rather than cramps found a champion today. Alderman Govier, chairman of parks and beach committee made a report to the council favoring stockingless bathing suits. He declared his belief that the morals of most bathers are not deserving of censure.

FIXES GAS RATES

St. Paul, July 15.—Federal District Judge Wilbur Booth announcing his decision in the Kansas Natural Gas case today fixed a gateway rate of 35 cents per 1,000 feet for Kansas City, Mo., and also fixed gateway rates for gas in all the cities using the product of the gas corporation. The decision was considered a victory for the Kansas Gas Co.

PERSHING IN LONDON

London, July 15.—Gen. John J. Pershing, commander of the American forces in France arrived here with his staff, this forenoon, to take part in the peace celebration. He was met at Dover by General Sir Henry H. Horne and a guard of honor.

APPOINTS CLARK

Washington, July 15.—Former Senator Clarence D. Clark of Evanston, Wyo., was appointed a member of the international joint commission today by President Wilson. He succeeds the late James A. Tamm, of Minnesota.

DISTRICT ATTORNEY CONDUCTS PROBE

CHICAGO, July 15.—A general investigation of producers, canners and distributors of food products including the so-called "cantaloupe trust" is being made by the United States district attorney's office here as a result of complaints, it was announced today. It is alleged that an attempt has been made to control the canning industry. Complaints received have indicated that four groups have been widening their grasp on the canning industry according to District Attorney Clyne. Agents of the department of justice are now at work and the result of their investigation depends the question of grand jury action, he said.

TO ASK FOR EXTRADITION

Paris, July 15.—The newspapers of Constantinople assert that the Turkish government has decided to ask the entente to permit the extradition from Germany of Talaat Bey, Enver Pasha and Djemal Bey, leaders in the Turkish government during the war, according to a dispatch under date of Saturday received by the Havas Agency.

Talaat Bey, Enver Pasha and Djemal Bey were condemned to death on July 11, in default of their appearance by the Turkish court martial which has been investigating the conduct of the Turkish government during the period of the war.

PAWN SHOPS SELL CROSSES

New York, July 15.—American Distinguished Service Crosses and French War Crosses won by American soldiers on the battle fields of France at the risk of their lives are obtainable in New York pawn shops for the sum of \$5, it was learned tonight.

Many pawnshop proprietors who displayed the gallily ribboned emblem of heroism in their dingy shops, explained that they had been sold outright by soldiers because the "pawn" value was insufficient to purchase a square meal.

TRANSPORTS BARRIVE

New York, July 17.—The transports South Bend, from St. Nazaire with 2,247 troops, and Floridian, from Bordeaux with 1,829 troops arrived tonight. The South Bend brought units of the 13th engineers, the 61st, 158th and 164th companies of the transportation corps, the 120th camp hospital and 10th base hospital and casuals, for Camps Grant, Dodge, Pike, Dix, Upton, Shelby and Fort D. A. Russell.

The Floridian brought the 237th field remount squadron and casuals, for Camps Dodge and Bowie.

WILL RECEIVE APPLICATION

Washington, July 15.—Application will now be received from responsible American banks and exporters for advances against cattle and cattle product shipments. The war finance corporation announced today, the purpose being to stimulate exportation and broaden the demand for these products.

REPORT TWENTY-SIX KILLED

Cardiff, Wales, July 15.—Twenty six persons are reported to have been killed today in an explosion aboard the British ship.

BIRTH RECORD

Born, Tuesday evening to Mr. and Mrs. Jeff Vedder southwest of the city, twin girls.

The Maytag Electric Washer

With Swinging Reversible Wringer

marks the most wonderful advance heretofore attained in power washer construction. It represents the accumulated advantages created by years of development in power washer construction and reduces the problem of home laundering to a care-free ideal of economic necessity. Simple, safe and sanitary. Can be instantly attached to any electric light socket and washing is made as easy as turning on the switch. Does the heaviest family washing silently, efficiently and economically and handles the most delicate fabrics and laces with as great safety as washing by hand.

The Maytag is also made for gas engine or hand power

CITIZENS EXPRESS VIEWS ON CITY'S FINANCIAL PROBLEMS

M. Burke.

"I am a tax payer and long time resident of Jacksonville and have the best interests of Jacksonville at heart, but like many others I presume that I have not given the matter sufficient study to enable me to say just what is best to do. However, it is plain that something must be done. If a bond issue seems the best way out, then I am in favor of it, and I am in favor of any equitable tax necessary to take care of those bonds and the operation of our city."

L. F. Randall.

"I am in favor of the issuance of bonds to pay the city's in-

debtedness as it is the best way to get it done at once, and after-ward take care of those bonds by increased taxation and by the issuance of licenses. Billiard rooms and picture shows now have to pay a license to the city and it would seem only fair, under the circumstances, that other lines of business pay a fair license. Such action would produce a large amount of revenue and be no particular hardship on any one. If we can have an adequate water supply, fire department, clean streets, a well lighted and policed city, by doubling our city taxes, I am willing that mine should be doubled."

Walter W. Schrag.

"Our present city administration has given us something that we have not had in a long time—enlightenment as to the city's real financial condition; and, whether the indebtedness shown is just or unjust, we owe it and it must be paid. To my way of thinking a bond issue is the only fair method of doing it and

spreading the cost equally and fairly. It would be a lasting disgrace for our city to repudiate its debts or even to seem to hesitate much longer in their payment, particularly now when we seem to be on the threshold of going ahead faster than at any other time in our history. As a people we seem to have great personal pride. I don't believe there is another city of our size where its citizens are better dressed, but are we not lacking a little in civic pride? I would be the last one to keep another out of a job, but if it became necessary in order to keep our city's streets, alley, etc., clean and presentable to visitors, I would don my overalls and join with any bunch of people in working to that end. Now is the time to act. Let's do it."

C. F. Thompson.

"A bond issue by all means, and a big enough one to cover every possible need of the city. One that not only will wipe out the city's floating indebtedness, pay the deficit noted in this year's operating expenses, but that will finish the new water plant clear down to the last item necessary for the filtration plant. I would like to see it big enough to cover the building of a new city light plant in connection with the new water plant, at the same place, with a switch track to take in the coal needed. Think what a saving coal hauling alone would be to the city. Just stop and consider what it will mean to the city and to its future progress to have plenty of pure water, good lights, clean streets, good paving, and the advertising that such a city always gets? As to the taxes and licenses necessary to take care of this afterward, that can be got at through study of the situation and whatever is necessary to be done I am sure no citizen will object to it."

990 Acre Farm FOR SALE

Here is a real stock and grain farm of 990 acres right at station with home and 5 tenant improvements. Combination pasture upland and bottom land, 320 acres wheat, 200 acres corn, 100 acres clover, 100 acres timber, 30 acres alfalfa. Balance timothy and pasture, 400 acres under hog fence, 20 cars tiling. If you want a real combination stock and grain farm in Central Illinois at the right price here it is at \$175.00 per acre. Let us show you.

S. T. ERIXON
Illinois 56 Bell 265
307 Ayers Bank

Frank Byrns.

"The only way to retain credit is to meet obligations promptly and fairly, and wouldn't it be better to avail ourselves of our bonding power to pay our debts than to let them go until there is a probable facing of court proceedings with all its unpleasant and harmful notoriety? As to the taxes necessary, I am not much in favor of occupational taxes or local licenses, and believe if we all would turn in our personal taxes for what they really are worth, the matter would be well taken care of. If there is a bond issue I believe it should be specifically stated just what the proceeds are to be used for. Jacksonville's opportunities look better at this time than for many years past. We are not badly off as such things go, and a little rightful work all together will bring us out on top."

W. T. Brown.

"Yes, I believe a bond issue is the thing, and one large enough for every purpose. Let the matter be well thought out and planned so that everything necessary will be taken care of, keep up this matter of letting the people know, and I think it will work out all right. If there is added local taxation needed afterward, let it be worked out so that it will fall on all and there will be no hardship. And let the local utilities, such as the railway and light company and the telephone companies be called upon to pay their just dues for the use of our streets and other property."

W. F. Thompson.

"Yes, sir, a bond issue. This is one fine little city, and it is too bad it is in such a predicament, but after all the situation is not so very bad. Let's have the bond issue, pay up our debts, give our new city administration something to work with—let's get going, it's the most favorable time in our history."

Matrimonial.

Carroll-Barrows.

The marriage of Miss Daisy Barrows of St. Louis and Harry LeRoy Carroll of this city was solemnized Tuesday morning at 10 o'clock at the home of the groom's parents, Mr. and Mrs. Harry Carroll. Rev. M. L. Pontius, pastor of Central Christian church, performed the ceremony in an impressive manner in the presence of only the relatives of the young people. Following the ceremony the company enjoyed an elegant six course luncheon.

Mr. and Mrs. Carroll left the city over the Wabash at 12:45 o'clock for Aguilar, Colo., where Mr. Carroll will be employed by the Aguilar Mining Co. They begin married life under very auspicious circumstances and carry with them to their new home the best wishes of a wide circle of friends.

Mrs. Carroll is the daughter of Mr. and Mrs. Frank Barrows of St. Louis and is a young woman of great charm and personal worth. Mr. Carroll, who is the only son of Mr. and Mrs. Harry Carroll of this city, was until recently employed by the Gravel Springs Co. here.

The scene at the station when the newlyweds boarded the train was a merry one. A large number of their friends had gathered there and showered them plentifully with rice, and members of DeSilva's Patriotic Drum corps furnished some music.

Ice cream social, Thursday evening, July 17, Lutheran church.

SEAMEN STRIKE ON FOREIGN SHIPS

NEW YORK, July 15.—The strike of American Seamen assumed an international aspect tonight when Gus. H. Brown, secretary of the eastern and gulf division of the International Seamen's association announced that crews of a dozen ships of foreign registry had quit their vessels in New York harbor. They declared, Brown said, that their strike was not only in sympathy with that of American seamen but for the purpose of equalizing all wages on the high seas.

Crews today deserted Dutch, Danish, Norwegian and Swedish ships, Mr. Brown said, adding that American Union delegates had experienced considerable difficulty in persuading the crews of several British ships to remain at work. The crew of one British vessel of the Booth Line did quit despite the fact that they had been signed for a round trip.

About 1,000 members of the American Seamen's Union are employed on ships of foreign registry, Brown declared. General headquarters of the strikers were established here this afternoon and tonight reports were received from Norfolk, Philadelphia, Washington, Port Arthur, Galveston, Mobile, Boston, Newport News and New Orleans, declaring ships are being tied up in those ports as fast as they dock.

OPPOSITION TO MERGER DEVELOPS

ST. LOUIS, July 15.—Opposition to the proposed merger of the Business and Professional Women's Clubs of the country into one centrally-directed body developed today at the conventions here of the women's association of commerce of the United States and the national woman's business committee.

The opposition by the western delegates of the latter organization was under the leadership of Miss Pearl Hall, a Los Angeles newspaper woman. Many members of the former association are women of wealth and leisure who are not actively engaged in any business or profession, it was declared and because of this members of the women's committee decided they said, to remain a distinct organization.

COMMITTEE STARTS PROBE OF BUREAU

WASHINGTON, July 15.—The bureau of war risk insurance was thrown open today to a special committee headed by Charles Evans Hughes, which at the invitation of Director Cholmondeley-Jones, will study the bureau's work and advise how government insurance and compensation can be made of the greatest value to service men after their return to civil life.

In a general report on the bureau's activities, the director showed that 25,618 death claims including monthly payments of \$678,000 and claims for disabilities thru military service in 30,795 cases involving \$974,279 monthly, had been approved. Government allowances to dependents have amounted to \$237,000.

COTTON CONSUMPTION
Washington, July 15.—Cotton consumed during June was 474,407 bales of lint and 15,037 of linters, the census bureau announced today.

STRENGTH OF A. E. F.
Washington, July 15.—American overseas forces aggregated 337,339 officers and men on July 8, according to an official announcement today.

CALLED BY ILLNESS OF MOTHER
H. C. Busby of East Court street left yesterday for Fairmount, Ill., called by the serious illness of his mother. A telegram bringing the unwelcome news was received Monday.

FUNERAL NOTICE
Funeral services for Mrs. Henry Stryker will be held at the residence, 918 West College avenue, Thursday morning at 10:30 o'clock.

VISITED RELATIVES HERE SUNDAY

Mrs. Ellen Graham and daughter, Miss Marjorie of Peoria, who have been visiting with Mr. and Mrs. Ralph Graham of Kansas City, Mo., also Mr. and Mrs. Curtis Hobbs of White Hall, spent Sunday and Monday here the guests of Mrs. Mary E. Hobbs and family of 356 East Lafayette avenue. They have now gone to visit Mrs. Graham's mother, Mrs. Mary A. Hobbs of Franklin.

HOW COUNCIL BACKS WORK OF CLINIC TRUCK

Relation of Community Council to Child Welfare Committee and Truck Now Showing in Country Explained.

The work of the big clinic truck sent out thru Morgan county under the supervision of the Child's Welfare Committee is being watched with great interest.

A number of citizens have formed different opinions regarding the relation of the welfare committee to the community council and the following article by Dr. H. C. Woltman may be of some service in clearing the views on this point and making the workings of this organization better understood.

Union of All Forces.
Soon after the armistice was signed, the War Department asked that Community Councils be organized to take the place of the harmonious efforts that had won the war.

The Community Council represents all the organizations for the common good, and aims to plan the work to be done, so there will be no overlapping of efforts but instead a union of all forces for good.

Hugh Green Chairman.
The Jacksonville Community Council was organized July 7, 1919, and Hugh Green was elected as chairman. There are 17 other precincts in Morgan county, some have already organized a community council, others plan to do so this fall when the farm work is not so urgent, but all will be urged to do so.

Dr. Woltman President.
The Morgan County Community Council is composed of representatives from all the precinct councils, and was organized July 9, 1919, with Dr. Woltman as its president.

Child Welfare Work.
It is the aim of the Morgan County Community Council to plan certain lines of activity for the precinct councils. Certain committees are to be appointed to look after certain lines of work, such as the child's welfare committee, a committee on sanitation, a committee on finance, and a committee on publicity, etc. The child welfare work being done at present in the county is one concrete example of what the community council may do.

Nurses Make Survey.
The War Department sent a committee of nurses to make a survey of the children and note the rate of mortality etc. Miss Olmsted was at the head of this committee. They have made valuable data which will be used whenever child welfare work is undertaken.

Construct Truck.
The Department of Labor employed an architect to construct a truck so it would be suitable for child welfare work. This truck was on exhibition on the square last Friday, and is now visiting various precincts such as Woodson last Saturday and Murrayville Monday and Tuesday, from there it goes to Waverly Wednesday and Thursday. And other precincts of the county next week. The architect who planned this truck travels with it and a doctor and a nurse, all three are women, employed by the Department of Labor and receive a definite salary. The truck is especially arranged for examining children. On one side is a table where the child can be measured and weighed and examined by the doctor. At the end of the table the nurse makes a record of all the findings of the child and the mother is told of defects and how they may be corrected. There is a covering of wood and sides of glass, with compartments in front for the chauffeur, while behind a vestibule can be made by the doors let down, when standing. The object is to have a movable clinic room so parts of the county can be visited that could not be visited otherwise.

Employ Welfare Nurse.
The county community council will continue this child welfare work. To that end a nurse has been employed, and she will have the use of a car, and plans to give every precinct in the county some attention. The Anti-Tuberculosis nurse will work in conjunction with the child welfare nurse, and both will do public health work in the real sense of the word, as both will look after child welfare cases, and also be on the lookout for tuberculous cases.

This is but one of the activities the community council plans to promote.

Public Sanitation.
Public sanitation will also have a committee and definite work along this line is expected. Much work has already been done, looking toward the employment of a whole time health officer, who shall be a trained sanitarian and who shall have power to abate nuisances and enforce sanitary measures so that Jacksonville and Morgan county may escape the epidemics that have cost her people untold thousands in money and what is even worse many lives than might have been spared. Typhoid fever can be controlled, and small pox stamped out, but it requires scientific work to do it. The time is not far when every community like Jacksonville will demand such legislation that these epidemics will not menace them. It is such problems the community council hopes to solve and get into action without delay.

Factions Must Harmonize.
The war taught us lessons which we can now apply to the civil communities. It taught us how all factions can be harmonized to achieve one common end. This idea is to be carried out in community council work, so that instead of overlapping of efforts, there will be a systematic and harmonious effort. It takes a national calamity like the war to bring all factions into harmony.

This harmony of efforts is now to be carried out by the community councils and such problems as child welfare, and public sanitation may justly be expected to receive the first attention, because the children are the best asset a community has, and next in order is the health of that community. The army camps have demonstrated how typhoid fever, small pox and the social diseases can be controlled and sooner or later the civil communities will wake up to the fact that these epidemics are useless but it takes concerted action to control these things in the army and it will require the concerted action of the best efforts in the community to check them, and the community council is the agent to do it.

BRIEF PARAGRAPHS FROM WINCHESTER

News Notes of Interest from Winchester and Vicinity.

Mrs. Lottie Scherrer of Granite City was in Winchester on business yesterday.

Russell Smith of Roodhouse is visiting at the home of William McLaughlin and family and other relatives.

Mr. and Mrs. Henry Herring entertained a company of friends at dinner Sunday in honor of their son, Lieut. Harry Herring and wife of Ft. Worth, Texas.

Lieut. Herring surprised his parents by coming home unexpectedly on a fifteen days leave of absence. Other guests were: Mr. and Mrs. Robert Thompson of Jacksonville, Mr. and Mrs. William Rawlings, Mr. and Mrs. Albert Potter, Lynnville, and Mr. and Mrs. Will Herring east of Winchester.

Mr. and Mrs. Alonzo Lamb and son Fred and Dr. Stuart Bowman went to St. Louis Sunday and on Monday Fred submitted to a serious operation at a hospital in that city. The boy had an attack of influenza and pneumonia last winter and this is the second operation he has undergone. His mother remained with him but Mr. Lamb returned home Monday evening reporting him doing as well as could be expected.

Mrs. Clarence Fox of White Hall is visiting her parents, Mr. and Mrs. D. T. Smith.

The remains of Mrs. Lola Grier were brought to Winchester Tuesday by Undertaker Rose of Roodhouse and interred in Winchester cemetery.

Edgar Warcup was given a pleasant surprise at his country home Sunday when relatives and friends came in unexpectedly to help him observe his birthday. All of them brought well filled baskets and dinner was served on the lawn. Those present were: Mrs. Lizzie Scott, Franklin, Mr. and Mrs. Harry Lemon and family, Manchester, Mr. and Mrs. Charles Cooper and son, Winchester, Mr. and Mrs. Reece Jones, Mr. and Mrs. Norman Carlson and family, Mr. and Mrs. S. G. Jones, Mr. and Mrs. Bert Millard and family, Mr. and Mrs. J. T. Warcup and Mr. and Mrs. Edward Tendick and family.

JUST RECEIVED A car of fancy Georgia water melons—cutting ripe first of the season. CANNON PRODUCE CO

THE PARKING QUESTION

While the present arrangement of the parking spaces which have been marked off on the public square are of great benefit to the merchants and to the motorist yet there are some who believe that the good work might be extended. Merchants along the streets just adjacent to the square complain that vehicles of all sorts are parked along both sides of the streets without regard to whether they are left in front of the various business houses or not. It has been suggested that if parking spaces were marked off on these streets adjacent to the square for a distance of one block that it would be of benefit.

On the north side of East Morgan street, east and west side of North Mainville, east side of South Mainville, south side of West Court, and many other places on other streets, there would be a number of different parking sites which would not interfere with the merchant and be of decided use to the motorist or rig owner who wishes to park his vehicle for any length of time.

As it is the parking on the side streets is becoming a problem in itself and this suggestion has been made as a possible remedy.

BARGAINS—BARGAINS We would advise our patrons to get in on the ground floor and secure the bargains that are being offered at HERMAN'S BIG SALE of garments and millinery.

DURBIN

The Standard Bearers will meet with Miss Dorothy McDewitt Wednesday evening.

Miss Frances Scott entertained a company of little friends Sunday afternoon in honor of her sixth birthday.

Dawson Darley and Alfred Tellinga motored to St. Louis Sunday.

Mr. and Mrs. Milford Rees and Mr. and Mrs. John Ebrey visited friends near Murrayville Sunday.

WILL VISIT IN DECATUR
Oliver B. Pyles left yesterday for a brief visit in Decatur, accompanied by John Foster, of Greenville, Ill., who has been a guest of Mr. Pyles in this city for several days. Mr. Foster who has recently been discharged from the army service, expected to return to his home at a brief stay in Decatur.

EDWARD WRIGHT DIED FROM INJURIES

Employee of City Elevator Died From Injuries Sustained in Fall Into Grain Bin—Inquest This Morning.

Edward Wright died at Our Savior's hospital Tuesday evening at 7:20 o'clock from injuries received by falling into a grain bin at the city elevator last Friday morning.

Wright was unconscious when found and was rushed to Our Savior's hospital where he was attended by Dr. W. Hairgrove. For a time he seemed to rally but it was only temporary and he grew gradually weaker until death came without his regaining consciousness.

Coroner Rose was notified and the remains were removed to Reynolds' Mortuary and prepared for burial. The coroner will empanel a jury and hold an inquest this morning.

Mr. Wright was born in Louisiana, Mo., July 24, 1867. He was united in marriage to Miss Louise Hobbs April 10, 1894. Besides his widow he is survived by the following children: Emmett, McKinley, Cornelia, Edward, Alfred, Samuel, Ray, Isaac and Margaret Wright and Mrs. Ada Herman Wells, Mo. He also leaves two sisters, Mrs. Kate House of this city and Mrs. Brown of Chicago.

The time of the funeral will be announced later.

ATTENTION KNIGHTS TEMPLAR

All members of Hospital-Commandery No. 31 are requested to assemble at the asylum Wednesday, July 16, at 8:30 o'clock a. m., for the purpose of attending the funeral of our deceased Knight Charles A. Obermeyer.

WILL HEAD HIGH SCHOOL AT DIXON

Irvin B. Potter to Leave Illinois College—Was Lately Appointed Director of Athletics on the Hill.

Friends of Mr. and Mrs. I. B. Potter, 647 South Diamond street, will learn with regret of their plans to leave Jacksonville and become residents of Dixon, Ill., but announce that the fact was made yesterday when news of Mr. Potter's resignation of professor of mathematics and athletic director at Illinois College, became known.

Mr. Potter recently received a very attractive offer from the board of education at Dixon and will take up the duties of principal of the high school of that city next September.

Always popular with the student body, Mr. Potter's work at the college on the hill has been of the highest order. He is still in the employ of the college, being busy during the summer months as field agent. It is understood that Mr. and Mrs. Potter plan to leave Jacksonville early in August and will dispose of their home on South Diamond street.

Jacksonville has always been home to Mr. Potter and Mrs. Potter resided here for a number of years before her marriage and so both have a great many friends here who will be sorry to learn of their plans to move but who will wish them the best of success in their new home.

MISS WILLARD TO SPEAK AT GRACE CHURCH

This evening at the regular prayer service at Grace M. E. church an address will be made by Miss Winifred Willard of Denver, Colo., who is in the city in the interest of the Methodist Centenary movement. As noted in the Journal of Tuesday morning, Miss Willard is the daughter of Dr. J. P. Willard, a prominent physician in this city some thirty years ago. Miss Willard will tell of the great celebration at Columbus, Ohio, which she attended recently, and all members and friends of the church are urged to hear her. Those attending will not be asked to make contributions or subscriptions.

It is especially urged that all members of the official board be present at this meeting, as the board will meet at the close of the prayer service.

LAND SALE.

By executor, estate of Mary E. Wood. Auction Saturday, Aug. 2, 1919 at 1 o'clock, at court house.

JACKSONVILLE NURSE LANDS IN NEW YORK

According to word carried in the Chicago Tribune Tuesday morning Miss Catherine Ferguson of Jacksonville, Ill., reached New York Monday from overseas hospital work. The names of the officers and nurses on board the vessel were given.

Inquiries at Jacksonville hospitals and a perusal of late city directories fail to reveal Miss Ferguson's identity. It may be that there is some mistake in the name or home location.

LEAVES FOR VIRGINIA

Mrs. P. L. Minor of Canton, Ill., has been the guest of her brother, H. W. Sparger of 612 North Fayette street, for several days past. Yesterday Mrs. Minor left for Virginia, where she will be the guest of her brother-in-law, Walter Minor, and other relatives.

CROP CONDITIONS IN GREENE COUNTY

Condition of Corn Best Recalled
By Older Farmers—Threshing
Operations Resumed—Other
News Items.

White Hall, Ill., July 14.—Threshing operations were resumed over this section today and to a considerable extent on Sunday, after a delay since and including last Thursday on account of rain. There was a total of 1.15 inches of rain last Wednesday night and Thursday afternoon. Winter wheat will hardly come up to last week's estimate of 25 bushels to the acre as threshing progresses, revised estimate bringing the yield down to 23 bushels. The quality is grading No. 1 and very near it, there being very little that will grade less than No. 2. There is a small acreage of spring wheat and it is very poor.

The condition of corn is now the best in this section recalled by older farmers. The wind of last Wednesday night was sufficient to blow down a considerable amount of corn, but the benefits of the rain and some of the corn coming up again has left the general condition of the corn in as good a better condition than before the storm. Some corn is beginning to tassel, this being particularly noted in an early planted piece on Gregory farm.

The second crop of alfalfa has been cut, and the condition of this crop is excellent. Young clover is coming fine. Oats have been cut and they will be threshed in another week. They promise about forty bushels to the acre. Rye will be threshed next week.

The summer apple harvest has progressed sufficiently to demonstrate that there was frost damage to the extent of about fifty per cent by the frost of April 25. The summer apple harvest will not aggregate more than a dozen carloads for the entire apple area contiguous to White Hall, including the Maiden Blush, the leading summer variety of the McClay 1400-bushel orchard. The later apple harvest will not begin before September 1st, and it is predicted that this will show to have been cut short about twenty-five per cent by frost.

Differences Adjusted.
The differences between the heat patrons and the C. I. P. S. Co., are being adjusted by each side furnishing an engineer to go over the radiation and revise the heat figures. At a conference last week, it is said that the company admitted that the previous checking by an engineer of the company shows too much radiation on which charge has been made to the patrons. The excessive bills caused the patrons to combine for redress, an attorney being employed in the person of H. O. Tunison.

The attorney ordered payment withheld pending an adjustment, and the matter has been dragging along for over a year. The engineers will finish the checking of radiation this week, and then the findings will be agreed to on both sides, it is confidently believed. Another matter that has developed is that the C. I. P. S. Co. does not contemplate abandoning the local heating system, but that it will be put in shape for future service. The patrons of the heating system are said to have gone on record in favor of a municipal electric plant, five years after the proposition was brought to a vote here and defeated overwhelmingly.

T. J. Dwyer of Troy, Mo., is in charge of the mill and elevators for the new owners of the important White Hall enterprise.

Is Again a Resident.
L. B. Ballow has again become identified with the business interests of White Hall by the purchase of half interest in the old Mytinger stand, recently conducted under the firm name of Winters & Ruble. The firm now becomes Winters & Ballow. Mr. Ruble remains with the store in a clerical capacity. This makes a strong firm.

A special meeting of the city council will be held this week for the passage of an ordinance converting the sale of the property on the extension of Whiteside Park. The property must be vacated by August 9, and it is planned to have it disposed of at public auction by that date.

A son has been born to Mr. and Mrs. W. G. Willoughby of Bakersfield, Calif. The mother was formerly Miss Ada Dumphy, daughter of Mr. and Mrs. Ed Dumphy of White Hall.

Joint Installation.
The degree staff of the local I. O. O. F. lodge went to Carrollton Friday evening and very creditably performed for a class of candidates. A joint installation of officers was also conducted by J. D. Rowe, district deputy grand master. Mr. Rowe was at Kampsville Saturday night on a like mission.

Sergeant Harry Lyons will leave this week for Scranton, Pa., to visit relatives with whom he became acquainted for the first time while he was in army training. He will be accompanied by his aunt, Mrs. George S. Halpin, of Pittsfield.

May Locate in Texas.
Mr. and Mrs. Charles Clouder departed Sunday for Port Arthur, Texas, where Mr. Clouder will investigate the offer of a position. He has been located at Springfield and Decatur for some years as advertising man for furniture retailers and has developed valuable ability along that line. He is the son of Policeman G. W. Clouder of White Hall.

Harry Pierce and family were over from Taylorville last week. Mrs. W. C. Spingate and daughter will return to Oshkosh, Wis., this week.

Local industries dependent on the city waterworks were idle Monday because of cleaning and painting the water tower on the inside. The job had become necessary, but it could not be completed Sunday. The ice plant was compelled to shut down Sunday evening.

FORDSON TRACTOR
Price cut to \$750 F. O. B. Dearborn, Detroit. Call or write W. N. Bobbitt, distributor, Chapin, Ill.

OBITUARY.
Green Dalton, son of Clayborne and Fernelia Dalton was born on a farm near Franklin, on Nov. 3, 1845, and peacefully passed away at 12:30 o'clock at his home two miles southeast of Nortonville on Wednesday, July 9, 1919. He had been ill for many months, and bore his afflictions with great patience. He was united in marriage to Miss Mary E. Mann in 1866, who survives together with the following children, Mrs. Clara Miskell, Mrs. Florence Wood, Mrs. Joyce Myers and Carlisle of Jacksonville, Mrs. Grace Myers of Pleasant Plains; Clarence and Leonard of Nortonville, and Miss Birdie at home.

An infant son died forty seven years ago, and Lemuel died December 19, 1917.

He is survived by nineteen grand children. He also leaves one brother, Dr. W. B. Dalton, of Scottville, who is the last surviving member of Uncle Clayborne Dalton's family. He settled on a farm in Youngblood, which is now the vicinity of Nortonville, many years ago, and sacrificed almost his entire life to the raising and educating of his nine children. He advocated the cause of higher education from every standpoint.

He always carefully advised his children to face the world honestly and the world would face them likewise. He was moral, honest, and upright in all his dealings with men, and held the high esteem of all in the community in which his entire life was spent.

He will be sadly missed by his children, but most of all by his aged wife, with whom he had braved life's battles for more than fifty years.

He was converted early in life, and held strictly to his religious belief in the Primitive Baptist church.

The funeral was conducted by Rev. Roy March, from Youngblood church, Friday, July 11, at 11 o'clock a. m. The singing was furnished by a selected choir with Mrs. Edith Kehl Edwards at the piano.

The bearers were Charles Story, Gussie Henry, Sanford Covey, Ezekiel Edwards, Alex. Johnson and John Covey.

The beautiful flowers were cared for by Mrs. Charles Story and Mrs. Alex. Johnson. The remains were borne to their last resting place in Youngblood cemetery.

BIDS FOR COAL

Sealed bids will be received by the city council until 1 o'clock noon, Monday, July 21, 1919, for coal needed at the south pumping station and the municipal light plants. Bids are asked on 3 inch, 1 1-2 inch lump and mine run coal delivered at the pumping station and 1 1-4 inch screenings 3 inch lump, mine run, slack and washed coal delivered at the light plant. The right is reserved to reject any or all bids. All coal is to be weighed on the city scales.

R. L. Pyatt,
City Clerk.

Fascinating

In the dance, it is necessary to use a face powder that stays on—that keeps the face cool and fresh-looking, no matter how warm one becomes.

Soul Kiss Face Powder is very adherent and it is fascinating in its fragrance.

Meyer Brothers Drug Co.
Saint Louis

Did you ever buy Second Hand Furniture

Are you sure? All stores sell on installments. What becomes of the goods not paid for and taken back? Ever think that the only difference between buying good used articles of us and maybe the same thing of the other strictly "new goods" store is that you save from a THIRD to a HALF. Think it over.

- 1 4-hole Square Gas Stove—in good condition \$8.50
- 1 100 pound high grade Refrigerator, oak case, white enamel interior. Almost like a new piece—at half the price \$22.50
- 1 Ladies' Desk, golden oak, modern and refinished . . . \$7.00
- 1 Ladies' Desk, highest grade and refinished \$9.00
- 1 Golden Oak Dresser, good French mirror—as good as a new one and looks it \$13.50
- 2 New 8-foot Porch Shades — \$2.00 cheaper than anywhere else in town—high grade—perfect. \$6.00
- 7 Slightly used Steamer Chairs; fine for hot weather; one-half price—each \$1.25
- 3 Light Folding Lawn Settees, each \$1.50
- 1 Extra large Hoosier Kitchen Cabinet—same as advertised last week. Fully refinished inside and out as perfect as new—one-half new price \$22.50
- 1 Good oak Folding Bed; good order \$8.50
- 2 Large Post Verne Martin Beds—new and usually priced at \$17.00 \$12.50

Service

*think of it before, not After
you buy your battery*

Think about two kinds of service when you buy a battery. First, the service the battery itself will give—its Capacity, its Strength, its Life. Second, the kind of service and the amount of it required to keep it operating properly; and the Spirit in which that service will be rendered.

When you get a Columbia Storage Battery you get a definitely guaranteed performance, guaranteed life, guaranteed capacity, guaranteed efficiency.

Columbia Storage Battery

When you get a Columbia Storage Battery you get all the service necessary to make good on the guarantee. You can come to us twice a month, or oftener if necessary, and we will test and inspect your battery. We will see that all connections are tight and clean. We will see that everything is in good condition. We will make the hydrometer test, and if necessary will put in pure distilled water. Our facilities for recharging are modern in every respect, and complete. Our men know how. They are able to give you the highest type of intelligent service. And our large stock of rental batteries, enables us to take care of your wants adequately and without an instant's delay.

R. T. Cassell

CHICAGO DEFEATS BOSTON IN SEVENTH

Sox Concentrate Attack in One
Inning—Game is a Pitchers'
Duel Between Cicotte and
James.

Chicago, July 15.—Chicago
concentrated its attack in one in-
ning today and defeated Boston
3 to 1 in the final game of the se-
ries. The game was a pitchers'
duel between Cicotte and James,
with the former having the better
of the argument. Ruth went hit-
less and was struck out twice. The
score:

Club	AB	R	H	O	A	E
Boston	30	1	5	24	13	0
Lamar, cf	4	1	1	0	0	0
Vitt, 3b	3	0	0	1	1	0
Hooper, rf	4	0	2	3	0	0
Ruth, lf	3	0	0	4	0	0

Cicotte, p	3	0	0	0	2	0

Totals: 30 3 8 27 14 1
The score by innings:
Boston 100 000 000—1
Chicago 000 000 30x—3

Summary.
Two base hits, Jackson; stol-
en base, Felsch; sacrifice hits,
Vitt, McMullin; sacrifice fly,
Ruth; left on base, Boston 4, Chi-
cago 10; bases on balls, off James
5; struck out, by James 1, Cicotte
2; wild pitch, James.

Washington 3; Cleveland 0.
Cleveland, July 15.—Washing-
ton defeated Cleveland 3 to 0
today. Walter Johnson keeping
the Cleveland hits well scattered
and being very effective when the
Indians threatened. He also help-
ed win his own game with a triple.
The score:

Club	AB	R	H	E
Washington	000 002 001-3	7	0	
Cleveland	000 000 000-0	8	4	
Johnson and Pichnich; Bagby and O'Neill.				

Detroit 13-0; New York 2-3.
Detroit, July 15.—New York
and Detroit broke even on a dou-
ble header today, the locals win-
ning the first contest 13 to 2, and
losing the second 3 to 0. It
wound up the series in which De-
troit took four out of five.

The first game was a swatfest
in which the Tigers hit for 24
bases which Dauss held New York
to seven scattered hits. The sec-
ond game was called to allow New
York to catch a train, and was
won by timely hitting.

Club	AB	R	H	E
New York	020 000 000-2	7	1	
Detroit	301 230 04x-13	16	0

Dauss and Almsmith.

Club— R H E
New York 001 101-3 6 1
Detroit 000 000-0 4 1
Mogridge and Hannah; Boland
and Stange.

Philadelphia 5; St. Louis 4.
St. Louis, July 15.—With the
score 4 to 1 in St. Louis' favor
Davenport weakened in the ninth
and Philadelphia batted out a five-
to-four victory setting the locals
back to fifth place. A double by
Burrus after two were out drove
in the tying and winning runs.
The score:

Club	AB	R	H	E
Philadelphia	000 100 004-5	12	3	
St. Louis	100 020 010-4	14	5	
Perry and Perkins, McAvoy; Davenport and Severeid.				

Chicago 7; Boston 2.
Boston, July 15.—Alexander
pitched his first game since June
17 and led Chicago to a 7 to 2
victory over Boston today. Bases
on balls by McQuillan and hits
by Deal, Mann, and Flack, to-
gether with an error by Riggert
in the fourth gave the Cubs five
runs. The score:

Club	AB	R	H	E
Chicago	000 502 000-7	7	1	
Boston	100 010 000-2	7	2	
Alexander and Killfer, O'Far- rell; McQuillan, Fillingim and Gowdy.

NAVAL RECRUITING OFFICER VISITS CITY

James C. Day, Boatswain Mate,
Second Class, was at the local
federal building all day Tuesday
talking with candidates for naval
enlistment. While the day did not
result in any actual naval recruits
yet the navy man's visit did some
good as far as advertisement goes
and also in giving some of the
young men of the city a better
understanding of the proposition.

There were three applicants for
enlistment yesterday but the
first two proved to be underweight
and could not be accepted for that
reason. The navy is and always
has been rather strict on the
physical examination and the ap-
plicant must be a pretty husky
type of American to pass the in-
specting officer. The third ap-
plicant received by Boatswain Mate
Day yesterday afternoon was a
youngster who had to secure pa-
pers relative to his age. As the
age certificate was necessary the
young man in question was going
to secure it and go to Springfield
to enlist today.

One of the latest inducements
offered by the navy department to
prospects is the matter of the
term of enlistment. You may now
enlist in the navy for two years,
three years, or four years. This
loosens the matter of the length
of the time a man may serve
should be of mutual advantage;
to the department in securing men
and to the men in being able to
get the training which the navy
affords and still not be tied up for
any long period of years.

Boatswain Mate Day expects to
return to Jacksonville next week
and it is probable that those who
did not get an opportunity to see
him yesterday may be able to have
an appointment with him next
Tuesday.

GIVE MINERS INCREASE.

Houghton, Mich., July 14.—
The Massachusetts Consolidated
Mining company today announced
a raise in wages of 35 cents a day
for all underground employees and
a proportionate increase for salaried
men.

Fifty Calumet and Hecla em-
ployees returned last week bring-
ing with them their family.

STORAGE HOLDINGS OF MEAT LARGER

WASHINGTON, July 14.—
Storage holdings of frozen and
cured meats and poultry, were
decidedly larger July 1 than on
the same day a year ago, reports
made public today by the depart-
ment of agriculture show.
The increase in meats supplies
held in storage varied from five
per cent in the case of dry salt
pork to 133 per cent in the case

WORTH ITS WEIGHT IN GOLD, HE SAYS

Milwaukee Man Says Mother
Suffered Eighteen Years—Tan-
lac Restores Her to Health
Again.

"If everybody in Milwaukee
knew how much good Tanlac has
done my mother there isn't a one
who wouldn't think just as I do
—that it's worth its weight in
gold," was the interesting state-
ment made by Frank J. Passage,
brakeman on the Chicago, Mil-
waukee & St. Paul railroad, living
at 26 35th St., Milwaukee, recent-
ly. Mr. Passage's mother, Mrs.
Minnie Passage, at the time she
came to Milwaukee, four years
ago, had been a resident of Shan-
non, Ill., for fifty years and is be-
lieved by all who know her.

"For eighteen or twenty years,"
continued Mr. Passage "my moth-
er has had trouble with her stom-
ach and I can truthfully say that
Tanlac is the only medicine I
have been able to find in all that
time to do her any good. Noth-
ing she would eat agreed with her
and she was subject to frequent
attacks of acute indigestion. In
a little while after eating, her
food would sour and blot her up
with gas and cause her to suffer
for hours. At times this gas
would press on her heart, almost
cutting off her breath, and I ac-
tually thought she was going to
die. She complained of awful
pains through her stomach and
left side and would belch up sour
gas for hours. I have often had
to get up in the middle of the
night and doctor her on account of
this gas, and I don't believe she
ever got a good night's rest on
account of the pain she suffered.
During the past year she lost
twenty-five pounds in weight, or
more, and all her strength seem-
ed to leave her. During the past
six months she has failed very
much faster. All she was able to
eat was a little soup or milk and
soft boiled eggs, and even this
would hurt her. Her condition
became so serious that on De-
cember the seventh I quit work in
order to stay home and take care
of her.

"One day I noticed a Tanlac
testimonial in the paper which
was so straightforward and con-
vincing that I told mother I
wanted her to try the medicine.
She agreed and at the time she
started on taking it she had been
down in bed for five weeks and
couldn't stand on her feet but a
few minutes, if she tried. Well,
she has taken two bottles now
and you may believe it or not, she
is up doing all her cooking and
housework and is just feeling fine.
She is now sixty-nine years of
age, but I declare she gets around
like one many years younger. She
sleeps like a child, eats anything
she wants and that gas and in-
digestion has stopped bothering her
almost entirely. I have never
seen such a change in anyone as
Tanlac has made in mother. I am
very grateful for it and she is
feeling mighty happy herself. We
can't say too much in behalf of
Tanlac, and have been telling ev-
eryone in the neighborhood about it."

Tanlac is sold in Jacksonville
by Coover & Shreve; in Mercedosa
by R. B. Field; in Murrayville by
M. E. Gilbert; in Waverly by Wyle
Drug Co.—Adv.

of frozen lamb and mutton. Large
amounts of all kinds of poultry
were shown by the report to be
held in storage amounting in some
classes to an increase of 467 per
cent over July 1, 1918.

Stocks of frozen beef of July
1 amounted to more than 162-
386,000 pounds; cured beef 29-
217,000; frozen pork, 153,894-
000; frozen lamb and mutton 7-
273,000, and dry salt and pick-
led pork 801,969,000 pounds.

FIND WOMAN GUILTY OF MANSLAUGHTER

CHICAGO, July 14.—Mrs. Vera
Trepagnier, New Orleans, on
trial before Judge Brentano in
the criminal court charged with
the murder of Paul Fredrick
Volland, a publisher, to night was
found guilty of manslaughter.

Mrs. Trepagnier, who is sixty
years old is one of the few women
to be convicted in Chicago for
killing a man in the last several
years.
Mrs. Trepagnier charged that
Volland had refused to settle with
her for publication of a likeness
of George Washington, and dur-
ing an altercation over the minia-
ture original she shot him at his
office. The state did not ask the
death penalty.

PAYSANDU DOCKS.

Newport News, Va., July 14.—
The Transport Paysandu with
1,380 officers and men, including
the 55th Engineers who helped
build the Pershing stadium in
France, arrived today from St.
Nazaire.

FLEET TO SAIL JULY 19.

Washington, July 14.—The
newly organized Pacific Fleet will
sail from Hampton Roads, July
19, instead of July 2, as previous-
ly arranged it was decided late
today at a conference between Sec-
retary Daniels and Admiral Hugh
Rodman, commander of the fleet.
The date of the fleet's arrival at
San Diego, California, was fixed
at August 7 or 8.

London, July 14.—The R-33,
sister ship to the British dirigible
R-34, which has just completed a
round trip across the Atlantic,
will start on a trip to India with-
in the next week. The dirigible
will visit France, Switzerland,
Italy and Egypt and it is expected
that the voyage will take from fif-
teen to twenty days.

THE WORLD'S MOST ECONOMICAL CAR

DORT

The Dort is built for service—a strong and en-
during car—a good looking and comfortable one.
In the opinion of thousands of owners who have
paid more for cars in the past, the Dort embodies
everything required for efficient and satisfactory
use.

It has harmonious and attractive lines, sturdy
frame and axles, powerful, quiet, smooth running en-
gine; comfortable seats and lots of room for five
people. Its starting and lighting equipment is the
best in the world. Its cooling properties are unusual.
It is easy to "get at" and simple to drive.

The Dort satisfies pride of ownership, as well as
high mechanical requirements—at exceptionally light
operating and maintenance expense.

FILE OUSTER SUITS
AGAINST COMPANIES

TOPEKA, Kans., July 14.—
Ouster suits against seven
cement companies operating in
Kansas were filed today in the
state supreme court by Attorney
General R. J. Hopkins. The suits
ask that the charters of the
seven companies be forfeited,
and restraining orders issued
against their maintaining an al-
leged illegal combination; that
the properties of all the com-
panies be placed in the control
of the court and that each com-
pany be fined at least \$100,000
each day of its alleged violation
of state laws.

Action follows an investiga-
tion by the attorney general based
on charges that the cement
charges had formed a combina-
tion in an effort to maintain high
prices. The different companies
comprise practically the entire
cement industry of the state.

THREE ARMEN KILLED.
Philadelphia, July 14.—Three
men were killed when a seaplane
plunged into the back channel at
the Philadelphia navy yard late
this afternoon. The bodies have
not yet been recovered. Two other
men were injured. The plane
was up in a practice flight test-
ing out radio telephones. It was
descending from a considerable
height when, about 200 feet
above the channel, it suddenly
plunged down into the water.

Mrs. W. S. Johnson and Mr. and
Mrs. Henry Stiles of Springfield
are guests at the home of Mr.
and Mrs. George Detering of
Concord.

Lighting the Trenches

During the recent war the world came into a full and complete understanding of the value of efficient and comprehensive organization on the part of big business.

One phase of the aid that the Standard Oil Company (Indiana) was able to render is interesting.

The U. S. Government called on the Company for candles, and in an incredibly short space of time the initial shipment was made.

In all, 285,000,000 candles were shipped from Whiting, Indiana, to France—about 85 candles for every man in the United States uniform.

The Standard Oil Company makes candles from the by-products of crude oil.

Besides serving a most useful and necessary purpose in themselves, the manufacture of candles enables the Company to keep down the manufacturing cost of gasoline, so that you may run your car without great expense for fuel.

This is only a single and minor phase of the part played by the Company in helping to win the war, but it serves to illustrate the usefulness of the Company as a public servant, and the benefits accruing to the world at large from Standard Oil Company (Indiana) operations.

ANNUAL PICNIC OF LITERBERRY SOCIETY

Arrangements Made for Annual Picnic of M. E. Society, to Be Held August 2—Farewell for Baptist Pastor—Other News Notes.

Literberry, July 15.—The Literberry M. E. society met on Wednesday at "The Zephyrs," with Mrs. C. A. Beavers hostess. Sixteen members were present. Arrangements were made for the annual picnic, which will come off on the second Wednesday in August at the Arcadia church, beginning at 4 o'clock in the afternoon. Refreshments will consist of cake, ice cream, sherbet and lemonade. A reasonable price will be charged, the proceeds to go to the Arcadia church. All people who are interested in the Arcadia cemetery will be interested in the Arcadia church. The ladies of Arcadia have started in this way to raise funds to put a new roof on the church; hang the walls with suitable paper, and do other necessary work for the building and yard, putting it in good repair.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

Sometimes it is in my arm. Sometimes in my back. Sometimes in my foot. It's a pain that comes over abundance of that poison called uric acid. The kidneys are not able to get rid of it. And you can readily overcome an aching life by taking the advice of Dr. Pierce, who says "keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably of water, before meals, and drive the uric acid out of the system by taking "uric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late let Auric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for a trial package.

There was plenty of spare of fried chicken, gravy, mashed potatoes, old hen boiled and dressing with it all kinds of salads and pickles, slaw, beans, eggs, preserves, applesauce, all kinds of good cake, home made bread, coffee and ice cream. One hundred and sixty-five persons were served. There were six young soldiers just home from France and three old soldiers of 1861. The old gentlemen were Samuel and James Dinwiddie and Luke Barr.

Mrs. Durrell Crum started the afternoon services by playing a piano selection by a French composer, which was a beautiful selection; the name of the music being French, was too hard for us to try to remember, but we all remember the beautiful music. The other members of the program:

Reading, The Comfort of Prayer—Mrs. C. E. Rexroat. Song service—Led by J. A. Liter, assisted by J. E. Underbrink with his cornet. Reading, A Tribute to Mothers—Mrs. J. E. Underbrink. Rev. H. C. Smith then took for his text Second Corinthians 13:11, and preached a very earnest, sympathetic farewell sermon. The Literberry people are sorry to have Mr. Smith leave their pulpit, but are willing to do that which is for the best. Mrs. Smith and youngest son came up with the pastor for this occasion. Rev. Mr. Smith and family will move to Lamont, Iowa, and take up the duties of the new charge soon. Prayers and best wishes of Literberry people go with this family.

Colonel and Mrs. Frank Robbins of Chicago, are visiting at "The Maples," guests of Mr. and Mrs. J. E. Rexroat. On Friday, Mr. and Mrs. John Rexroat, of "Old Rexroat Homestead" drove out and spent the day with their relatives. Colonel Robbins, a returned soldier, is closely related to Mr. Underwood, who is president of the Erie Railroad. When Mr. Robbins was in France he was superintendent of the construction of the railroads in that country. Mrs. Robbins is a sister to John Rexroat of North Prairie.

The people of Literberry and vicinity regretted to learn of the reported mishap which recently befell Carl E. Robinson while fishing. All unite in extending sympathy to Mr. Robinson because of this misfortune.

BIDS FOR COAL
Sealed bids for coal will be received at the office of the Board of Education in the David Prince building until 12 o'clock noon, Monday, August 4th, 1919, for furnishing coal for the city schools during the ensuing year 1919-1920.

Bids are asked on 1½ inch lump and 2x6 egg coal. The Board reserves the right to reject any or all bids.

Mary E. Pierson, Secretary.

for funeral services. Any one wishing to help in this good cause by giving our secretary or treasurer a few dollars, it will be thankfully received and carefully used for the purpose given. The following committees were appointed subject to change if necessary. Other committees will be added as needed.

Ice cream—Mrs. Charlie Clark, Mrs. J. C. McFillen.
Cake—Mrs. Mary Rudisil, Mrs. Sallie Deatherage.
Huckster—Mrs. Clarence Thompson, Mrs. Claude Nell.
Sale of tickets—C. A. Beavers, M. D. Nickolas.

Take up tickets—Claude Rudisil.
Superintendents of tables—Mrs. Lida Beavers, Mrs. Flora Nickolas.

Table cloth—Misses Ellen and Ruth Deatherage.
To serve cream—Ellis Thompson, Charlie Clark Will White.

General helper and adviser—Jason Clark.

Every family represented in the society will please bring a fine large cake.

Flowers for table—Miss Margaret Thompson.

A good offering was taken. Benediction repeated and the meeting closed. Splendid refreshments were served, consisting of ice cream, some very fine cake and coffee, the best.

The All-Day Service Sunday in honor of the Rev. H. C. Smith of the Baptist church, who is leaving for a new field of labor, was well attended. Rev. Ernest C. Rutherford preached a splendid sermon in the morning from the text, "The Master is Coming." The young people handled his subject well, and held the attention of the congregation. A fine dinner was spread in the basement at noon and was like all Literberry dinners, of the best, and nicely served by our obliging waiters. Every body was invited and every body stayed.

There was plenty of spare of fried chicken, gravy, mashed potatoes, old hen boiled and dressing with it all kinds of salads and pickles, slaw, beans, eggs, preserves, applesauce, all kinds of good cake, home made bread, coffee and ice cream. One hundred and sixty-five persons were served. There were six young soldiers just home from France and three old soldiers of 1861. The old gentlemen were Samuel and James Dinwiddie and Luke Barr.

Mrs. Durrell Crum started the afternoon services by playing a piano selection by a French composer, which was a beautiful selection; the name of the music being French, was too hard for us to try to remember, but we all remember the beautiful music. The other members of the program:

There's No Increase In The Price of

INSTANT POSTUM

But there's apt to be an increase in your comfort and health if you change from Coffee to Postum "There's a Reason"

What you hesitate to tell your dearest friend

A heart-to-heart talk about a physiological fact every woman should understand

IGNORANCE that permits avoidable injury to ourselves and others is wrong. Such ignorance should be dispelled by frankness, though the telling of the facts may be difficult and unpleasant.

There is a certain physiological fact that even close friends have permitted to mar their companionship because of ignorance and a false sense of modesty.

You have known women ambitious socially and women aspiring for success in the business world who have fallen short of their hopes because of it.

We believe the time has come to do away with the false modesty that has made it possible for this thing to live so long, and, by a simple and frank discussion, eliminate forever the social harm it does.

A little thing—but it makes such a difference

Many a woman who says, "No, I am never annoyed by perspiration," does not know the facts—does not realize how much greater her charm would be if she were entirely free from both its odor and moisture.

We all know that our body is covered with innumerable perspiration glands. We also know that those under the arms are usually more active than others.

But we do not consider that, although in most places perspiration evaporates quickly, under the arms it does not. Here the curve of the arm prevents rapid evaporation. So, even though we may be aware of no moisture, an odor formed

How fastidious women are meeting the situation

Fastidious women everywhere are meeting this trying situation with methods that are simple and direct.

They have learned that it cannot be neglected any more than any other essential of a woman's toilet. They are giving it the regular attention that they give to their hair, or teeth or hands. And for this purpose they are using Odorono, a toilet water specially prepared to correct both perspiration odor and moisture.

Antiseptic in its nature, perfectly harmless, Odorono is itself entirely without odor. Its regular use does the very thing that women are demanding—it gives absolute assurance of a daintiness that is unmarred by even the slightest taint of unpleasant odor or moisture. It really corrects the cause.

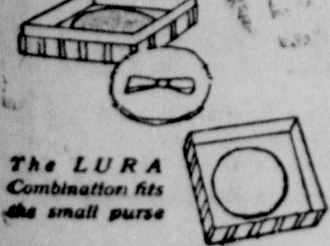

So absolutely sure when made a regular habit

Any woman can dismiss any thought about annoyance from perspiration if she uses Odorono just two or three times a week. At night pat it on the underarms with a bit of cloth or absorbent cotton. Don't rub in. Allow it to dry, and then dust on a little talcum.

The underarms will remain dry and odorless! Daily baths do not lessen its effect. You'll know that with this constant, systematic treatment you'll be absolutely dainty in any circumstances.

If you are troubled in any unusual way or have had any difficulty in finding relief, let us help you solve your problem. We shall be so glad to do so. Address Ruth Miller, The Odorono Co., 950 Elair Avenue, Cincinnati, Ohio.

Your dealer can supply you. Go to him today and get a bottle of Odorono of the size that you prefer. Regular sizes, 60c and \$1.00. Trial size, 30c.

The LURA Combination fits the small purse

It is tiny, but in it are rouge, powder, puff and mirror.

The dainty rouge is impervious to rain or perspiration—it stays on, and your complexion is always fresh and lovely.

The LURA powder spreads evenly, stays on and gives your skin that long desired satiny look.

To introduce this dainty box we are giving free a bottle of LURA Perfume Extract.
